- To produce responsible citizens and progressive administrator.
- To achieve high profile professionalism within the budding managers.

Tribute to our founder

Dr. K.C.G. Verghese
Founder Chairman, Hindustan Group Institutions
(1940 - 2006)

The popular Chinese proverb states, "If you are planning for a year, sow rice; if you are planning for a decade, plant trees; if you are planning for a lifetime, educate people." This sums up the entire philosophy of the time and life of Dr. K. C. G. Verghese, a visionary, who built the entire edifice of the Hindustan Group of Institutions, Chennai. His profound qualities of enthusiasm, perseverance, vision and live networking created a springboard for many aspirants to mould their careers.

Dr. K. C. G. Verghese, though born in an ordinary middle class family in Kerala, by dint of his hard work, rose to one of the top-ranking educationists.

He held on to his dreams and converted them into reality. His relentless work drove him to success. He was the pioneer to promote technical education in our country. He helped the students explore their own potential. He made them realize that education, hard work and commitment to the nation are the only means to get themselves employable and overcome poverty.

He firmly believed, "Every human being has infinite potential. The role of an educator is to bring out the best in every individual and that of an educational institution to provide the best facilities and the right ambience." The Hindustan Group of Institutions caters to the educational that of an educational institution to provide the best

facilities and the right ambience." The Hindustan Group of Institutions caters to the educational needs of more than over 5000 students. It has amazing staff strength of around 1000 plus and has scintillating alumni of 50,000 plus. These are the testimonies of his deep-rooted desire to fulfill his aspirations. He was a true patriot and he always advised the youngsters to serve their own country.

His penchant for "Wheels and Wings" made him adventurous all through his life and his indomitable spirit always rose to the occasion and facilitated him to lead from the front. His personality had all the nuances of a great human being. He valued friendship and showed great respect, love and concern to his teachers, his family members and parents in equal measure.

The best tribute we can ever offer this architect of the Hindustan Group of Institutions could be to emulate his ideals and work toward realizing his dreams. Let his vision, "TO MAKE EVERY MAN A SUCCESS AND NO MAN A FAILURE," inspire us to follow in his footsteps. God chose his company on Valentine's Day. This adorable and affable human being will be remembered by all of us on this day, year after year as V-day, the Verghese Day.

Our Guiding Spirit

Dr. Mrs. Elizabeth Verghese
Chairperson,
Hindustan Group of Institutions

Nurturing creativity and inspiring innovation are the two key elements of a successful education, and a college magazine is the perfect amalgamation of both. I am glad to know that the Hindustan First Grade College, Mysuru is bringing out the first issue of College Souvenir.

I take this opportunity to congratulate the editorial board for bringing out this magazine as per schedule, which in itself is an achievement considering the effort and time required. May all our students soar high in uncharted skies and bring glory to the world and their profession with the wings of education!

It gives me great pleasure to write this message for the first edition of the annual college magazine. This magazine will be a mirror reflecting the minds of our students and will showcase the journey of Hindustan First Grade College during the past year.
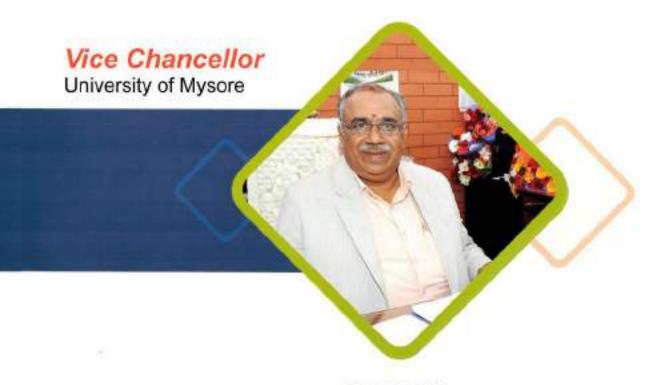

This year has definitely been an eventful one. I sincerely applaud the efforts put in by the faculty in guiding the students during this year in their quest for knowledge, academic excellence and lifelong development.

I hope that all the students prepare well for their upcoming exams and put in their best efforts so that they perform well and uphold the name of the college.

I congratulate the editorial team on their endeavour to bring out this magazine and wish the staff and students all the very best.

The Motivating Leader

MESSAGE

It is a matter of great pride and satisfaction for Hindustan First Grade College to bring out the first issue of College Magazine 'Alchemy'. True to its name, this magazine gives an insight into the range and scope of the imagination and creativity of our students and faculty members. We feel honoured and privileged to be part of an educational institution where every stakeholder is a learner and every day is an opportunity to learn and discover. We look at ourselves as a community of learners, where everyone learns including our teachers, parents & staff. I applaud the editorial team for the hard work and dedication they have invested in realizing this goal, and wish my dear students success in all future endeavours.

I truly hope that pages that follow will make an interesting read.

Editorial Voice

Dear Readers

A weak link is better than a strong photo memory. Nothing exemplifies it better than the nostalgic feelings one gets when leafing through the dusty old pages of his/her college magazine. It can make a reader travel down the lanes of memory, giving rise to a surge of emotions of many hues and colours. Hindustan First Grade College's "Alchemy" is going to give the same pleasure to all the brilliant minds who transverse through the portals of this temple of learning. The amount of information available at our finger tips today is astounding. We carry in our pockets the ability to access a mind-boggling array of information. A magazine may seem quaint, old fashioned and yet they give you something you can't get digitally. And that is why we, the editorial board of 'Alchemy' decided to bring out the college magazine.

The essential purpose of 'Alchemy' is to inform, engage, inspire and entertain diverse readership through the exciting and interesting articles from student and staff. The magazine brings out into the open things hitherto unrevealed. It presents the stupendous achievement of HFGC in the field of academic, research, sports and extracurricular activities.

The education we impart to our students at Hindustan First Grade College enlightens their minds and enthuse their hearts towards always aiming high. At the editorial board, each one of us have contributed our time and intelligence for this magazine. We were fortunate to have the good support from our Managing Trustee Dr Anand Jacob Verghese for the trust in us which gave space to experiment. We would like to place on record our gratitude and heartfelt thanks to all those who have contributed to make this effort a successful one. Our cordial thanks to Management, staff, students who have helped in bringing out the magazine successful one.

We invite you to read and immerse yourself in the unfolding art and be exulted. Leave your thoughts behind and explore what "Alchemy" has in store for you.

ANNUAL REPORT

"Education is not the learning of facts, but the training of the mind to think"

-Albert Einstein

Hindustan Group of Institutions with a legacy of five decades of excellence in education established Hindustan First Grade College in 2015. Guided by the vision of our founder Dr. K.C.G. Verghese, "To make every man a success and no man a failure", the institution has made tremendous progress in all areas academic, non-academics, capacity building relevant to staff and students.   Five years for an institution is a worthy stage where one can start matching expectations with results, objectives with achievements and above all, blessings enjoyed with

Dr. C J Priya
Principal

difficulties and hardships endured. It is often said "Perfection is not attainable but if we chase perfection, we can catch excellence". Yes, every school and college strives for excellence. So do we, at Hindustan First Grade College, Mysuru. Several steps are being undertaken for multi-dimensional growth of the institution and effective industry-institute interface, contributing in turn, towards the growth of a healthy and happy society. I am pleased to share that the college activities for the year 2019-20.

The college offers two regular courses in B.Com, BCA and a specialized course in BBA Aviation Management. At Hindustan First Grade College, we take immense pride in the fact that our students receive the best quality education. This is made possible by following high standards of teaching and learning. Our excellence is not just confined to the classroom; we are also notable active in conducting conferences, workshops, seminars, guest lectures and other co-curricular activities. These activities expose students to aspects beyond curriculum, thus adding high value to their professional success.

Department Staff:

The faculties of HFGC have contributed enormously for the eminence and reputation of the college. They have been pursuing research, presenting papers, publishing articles and writing books and have also been associated with academic and other organizations. In the recent past, Dr. C. J. Priya, Dr. Harshavardhana B and Dr. Gururaja Rao have completed their doctoral research and were awarded Ph.D degrees. We have 19 teaching staff and 5 non teaching staff on roll. Out of 19 teaching staff, 3 faculties were awarded Ph.D., degree and 10 faculties have cleared UGC-NET/KSET exams. Teachers have also organized and participated in various conferences and workshops and thereby motivate and empower the students to be lifelong learners, critical thinkers and productive members of an ever changing global society.

Students' activities

Our students were provided with number of opportunities this year. Many students have excelled in individual achievements by participating in various intra & inter collegiate events. Competitions and activities organized offered opportunities for students to learn the values of teamwork, individual and group responsibility and a sense of culture and community. Among the celebrations marked with total student involvement and with great joy were the Independence Day, Founders day, Onam, Teachers day, Christmas, Founder's Memorial Day, Republic Day, Fun week, Freshers day, Talents day and International Women's day.

50 students from our college had participated in Yuva Dasara 2019 and performed a dance on the theme "Hasivu Neegisi". They were one among 265 colleges who had taken part in Yuva Sambrama 2019 which was identified, appreciated and the students got the opportunity to perform the same dance during Yuva Dasara 2019. Extracurricular activities provided a channel for reinforcing the lessons learned in the classroom in a real-world context, and are thus considered an integral part of a well-rounded education.

Leadership:

Leadership and Learning are two sides of the same coin. In order to develop the leadership quality among the students, student's council was formed during June 2020. The students developed participatory power which is necessary for leadership and took leadership with social responsibility. The badges for the student council leaders were distributed which was followed by oath taking at office. Mohammed Shakeel, III B.Com (President), Pooja C, III BCA (Vice President) Vishnu Priya, II B.Com (General Secretary), Pruthvik, I B.Com (Joint Secretary), Nagarjun, II BCA (Sports Secretary) and Chandrashekhar B, III B.Com (Cultural Secretary) were elected as Student Council members for the academic year 2019-20.

'Voice of Hindustan' & 'Tech Zone'– Newsletter:

'Voice of Hindustan', the college newsletter which is published monthly, reflected the clear picture of all sorts of activities undertaken by a college and developed writing skills among students and staff. "Voice of Hindustan" issues contained the reports of various activities held in the college, the upcoming events, informative articles, interesting interviews and many more interesting write ups. Dr. KC.G's corner was a regular column reserved for the write ups regarding life history of our respected founder, Dr. K.C.G.Verghese. Star of Hindustan was a column / interview reserved for the student achievers and few columns were reserved for the students in all the issues, through which we provided an opportunity for the students to transform themselves as authors and publish their articles.

'Tech Zone', an IT magazine is an issue which is published semi annually, comprised the activities and achievement of the Computer Science department in the Academic & Co-curricular activities and it has provided a platform for the students of BCA department to explore in IT field.

Governing Council Meet:

Governing Council Meeting was held during February 2020. The meeting was presided by Dr Anand Jacob Verghese, Managing Trustee, HFGC. Mr. Ashok G Verghese, Trustee, HFGC, Mr. Abel Mathew Prasad, Special Officer, HFGC, Dr C J Priya, Principal, HFGC, CA M K Rangaswamy, Chartered Accountant, Mr. Balaji, DGM Accounts and Admin and Mr. Vivek Reddy, Resident Executive were present for the meeting. The activities of the college were reviewed during the meeting.

Management Advisory Committee Meet:

Management Advisory Committee Meeting was held at Chennai during January 2020. The meeting was presided by Dr. Elizabeth Verghese, Chairperson, HGI. The principals of 7 institutions of Hindustan Group were invited to present the activities/achievements of the college which were reviewed during the meeting. Dr. Anand Jacob Verghese, Managing Trustee, HFGC, Dr. Aby Sam, Director, HGI, Mr. Ashok Verghese, Trustee, HFGC, Dr Annie Jacob, Trustee, HFGC, Dr Susan Marthandan, Director, HCAS & Members from Hindustan Institute of Technology & Science, Hindustan College of Arts & Science, KCG College of Technology, Hindustan Institute of Engineering Technology, Hindustan International School, Orient Flights Aviation Academy and Hindustan First Grade College were present for the meeting.

Dedication and Inauguration of HFGC new Block

Hindustan First Grade College celebrated the Dedication and Inauguration of its New Block and Orient Flights Aviation Academy's International Hostel during October 2019. Dr. Elizabeth Verghese, Chairperson, Hindustan Group of Institutions, Chennai, Dr. Anand Jacob Verghese, Managing Trustee, HFGC, Dr. Annie Jacob, Trustee, HFGC and Dr. Susan Marthandan, Director, Hindustan College of Arts and Science, Chennai graced the occasion with their presence. Dr. Elizabeth Verghese, Chairperson, Hindustan Group of Institutions, Chennai inaugurated the New Block by cutting the ribbon. It was then time to thank God for being with the College Management throughout the construction of this new edifice of learning and for blessing all those who have been involved in this project, where Rev. Joby Verghese, Student Chapalin, Hindustan Institute of Technology & Science, Chennai & Rev. Prakash Abraham, Vicar, Marthoma Syrian Church, Mysuru lead the ceremony of blessing through prayer service and later they blessed the interior of the building. The new block of Hindustan First Grade College consists of an advanced computing lab and other facilities which were inaugurated by Dr. Annie Jacob, Trustee, HFGC and Dr. Susan Marthandan, Director, Hindustan College of Arts and Science, Chennai. The Chairperson Dr. Elizabeth Verghese distributed prizes for the student achievers of HGFC. Damodara B of I B.Com who secured Gold, Silver and Bronze Medals at various National & State level Athletic event and the team of Dancers who performed at Yuva Dasara 2019 were felicitated during the function.

Committees/Clubs:

Various committees are formed in the College for the smooth and efficient management of activities. It also has given an opportunity to the faculty to grow and develop in their extracurricular activity/field and administrative skills. The committees were constituted by the Principal in consultation with the senior staff of the college for one academic year. The various Committees formed during the Academic year 2019-20 were Admission & Annual Plan Committee, Timetable Committee, Attendance Committee, Examination Committee, Women's cell/Prevention of women Harassment Committee, Discipline & Anti ragging Committee, Student's grievance Committee, National days/National Festival Celebration Committee, NSS unit, Sports council, Student's council, Placement and Training Cell, Faculty Assessment/Remedial/Mentoring Committee, Alumni Association, Magazine Committee, Newsletter Committee, Marketing Committee and Website development/press release Committee.

National Level/State Level Inter Collegiate Fest

The college has organized 2 major Inter Collegiate Fest at State Level & National Level.

Spectra 2020, a Two Day National Level Management, IT and Cultural Fest which was organized during February 2020 provided a platform to students from all parts of the country to exhibit their Managerial, IT and Cultural talent by participating in various competitions crafted to showcase their skills and share their thoughts. 168 teams comprising 572 students had participated from different colleges across nation, thus making the event a grand success.

Illumination – an Inter College Literary Competition was organized during December 2019 to identify and nurture various talents in students. 80 students from various colleges had taken an active part in the event.

Department Activities

Industrial/field Visit

The college arranged an Industrial Visit for the students to provide an exposure about practical working environment. The Commerce & Management students visited RUDSETI (Rural Development & Self Employment Training Institute) where they gained an exposure about practical working of an EDP and how to be self-employed by undergoing a formal training. The Department of Computer Science visited Red FM 93.5 where the students learnt the technological advancement and the types of server, signals, devices and the need of infrastructure required to carry out the work. The college organized Airport and Hangar visit for BBA Aviation Management students. During the visit they were informed about the rules and regulations that need to be followed by the pilot which included speed limits and communication protocols, air traffic control and their powers, wind sock and how the pilots identify the correct side of the runway to land the aircraft. The Industrial visits were indeed a great learning opportunity for the students.

Alumni Meet 2019

First Alumni Meet was organized in the college during December 2019 in order to reconnect with the Alumni and celebrate their success and various achievements. The Alumni Association was formed to

foster a spirit of loyalty and to promote the general welfare of the Institution. Mr. Sharath Kumar (2017 batch), Mr. Rakshith, (2018 batch), Ms. Rakshitha O S (2017 batch), Ms. Sowmyashree S (2018 batch), Mr. Kishan B G (2017 batch), Ms. Pooja N (2018 batch), Mr. Om Kishan S (2018 batch), and Mr. Srinivas M P (2018 batch) were selected as office bearers of Alumni Association.

NSS unit

The NSS unit of our college which aims at developing the student's personality through community service was inaugurated during August 2019. The students have become confident, developed leadership skills and gained knowledge by participating in various NSS activities organized by the college.

Sports & Games:

Physical Education is an integral part of the total education system. Considering the concept of "SPORTS FOR ALL", the Department of Physical Education had organized Intra Collegiate Badminton & Cricket Tournament, State level Inter Collegiate Box Cricket Tournament and Mysore City Inter Collegiate Throw Ball Tournament for men. Also, sports activities were organized for teaching and non teaching staff too. Our students have been exposed to a number of Inter Collegiate events held at District level, State Level & National Level and won medals and trophies, thus bringing glory to the institution.
Extra Curricular & Co-curricular Activities

Apart from the sports activities, we encourage the students to take time off from their busy academic schedule and participate in ECCC. Through Extra-curricular activities, we promote the personality development and inherent talents of the students. The college believes that by imbibing moral values, life skills, soft skills, vocational skills and also while taking part in nation building activities besides studies, the students become responsible citizens of the nation and also contribute meaningfully to the enrichment of society. The college has evolved a suitable platforms and support mechanism to meet this objective.

Hindustan First Grade College is growing at an incredible pace, moving ahead with all its might, definitely with the right spirit and at the right direction. This is possible because the college believes and follows the institutional core values namely Discipline, Determination, Dedication, Integrity, Trust, Interest and Involvement. Let me take this opportunity to acknowledge gratefully, the unstinted co-operation, constant inspiration and immense support extended by the management members of Hindustan First Grade College, staff members, parents, well wishers and media representatives in realizing our objectives. Last I bow in gratitude before the Lord Almighty who made all these accomplishments possible. Every day brings His blessings, every moment we experience His Care and Protection.

Jai Hind!

******

HITHAN - STUDENTS COUNCIL
Annual Report

HITHAN :

Hithan is the students council of Hindustan First Grade College representing the students community of the college. Hithan is a word that emphasises the unity among students and describes the qualities of students.

Generally, HITHAN means an individual who wants good for everyone and who is lovable. Students of Hindustan First Grade College, wishes

Mohammed Shakeel
President, Students Council

good for everyone, they love each other and are lovable, they are talented, compassionate, empathetic and most importantly celebrate each others success.

The purpose of the students council is to give students an opportunity to develop leadership by organizing and carrying out activities and projects. In addition to planning events that contribute to spirit and students community welfare, the students council is the voice of the student body that builds the bridge between students and the key administration staff.

Details of programmes organised by Students Council - HITHAN

- **FRESHERS' DAY** - Freshers' Day was organised in HFGC on 12th July 2019. The main aim of this day is to give a warm welcome to the new comers. Freshers' day not only build their confidence but also add creativity to their levels. It was accompanied with so many colourful events and programs like ramp walk, traditional, fusion, and western dances, exhilarating singing performances, and splendid decoration, thus making it a colourful event. Hindustan First Grade College explored the talent of the beginners and the existing students through this fresher party. Moreover, these types of celebrations helped juniors to mingle with seniors and formed a splendid co-ordination. This has lead to a better understanding among all and a feeling of co-operation is fostered. Mr. Shakthy and Ms. Meghana were crowned as Mr. Fresher 2019 and Ms. Fresher 2019.

- **STUDENTS COUNCIL INAUGURATION** - The Student Council inauguration and the release of first issue of Voice of Hindustan - a monthly Newsletter was held on 2nd August 2019. Mr. Venkatesh Kumar, Managing Director of Indian TV was invited as chief guest for the programme. Mr. Sachiddannada Moorthy, Chairman, DAV Public School & SVM PU College, was the Guest of Honour for the occasion.

  Mohammed Shakeel of III BCom (President), Pooja.C. of III BCA (Vice President) Vishnu Priya of II BCom (General Secretary), Pruthvik I BCom (Joint Secretary), Nagarjun of II BCA (Sports Secretary) and Chandrashekhar. B. of III BCom (Cultural Secretary) were elected as Student Council members for the academic year 2019-20.
Dr. C. J. Priya, Principal in her address congratulated the student leaders and highlighted the importance of the role and responsibilities of student council. She urged the students to develop participatory power which is necessary for leadership and to take leadership with special responsibility.

- **TALENTS DAY** - was organised for students on 30th August, 2019. The students exhibited their hidden potential and they got an opportunity to showcase their talent and to appreciate the unique talent in others. It was an extravaganza of creativity, artistic and cultural talents.

- **TEACHERS DAY** - "It is the supreme art of the teacher to awaken joy in creative expression and knowledge." Teachers' day was celebrated with great gusto and gaiety in the college. The whole function was planned by the student council members. The program started with a prayer song followed by an innovative inauguration where Managing trustee Dr. Anand Jacob Verghese, Principal Dr. C. J. Priya and all the staff members offered flowers to a portrait of Dr. Sarvepalli Radhakrishnan. Dr. Anand Jacob Verghese in his address highlighted the significance of teachers' day. Students performed cultural show to denote their love, respect, acknowledgment and recognition of the hard work put in by the teachers towards their development.

- **SPECTRA - 2020** - **Spectra 2020, a Two Day National Level Management, IT and Cultural Fest** was organized by the Students Council on 12th & 13th February 2020. The fest provided a platform to students from all parts of the country to exhibit their Managerial, IT and Cultural talent by participating in various competitions crafted to showcase their skills and share their thoughts. The fest aimed to encompass everything from creativity to innovation, planning to strategy, fun to learning through various management activities and competitions. Spectra 2020 commenced with the blessings of God and lighting the lamp by the **Guest of Honour Prof. G Hemantha Kumar, Vice Chancellor, University of Mysore, Mr. Dorai Thodla, Chief Technology Officer, iMorph Innovation Center Pvt Ltd., Chennai, Mr. Ashok Verghese, Director, Hindustan University, Chennai, K S Bharadwaj, Chief Flight Instructor, Orient Flights Aviation Academy, Mysuru, Mr. Abel Mathew Prasad, Special Officer, HFGC and Dr. C J Priya, Principal, HFGC**. The fest was highlighted with their objectives and sound outcomes. The eminent guests emphasized on the importance of such events in the competitive environment, appreciated the enthusiasm of the host college and congratulated the students and whole team for the success of the fest. The Class toppers and Subject toppers were rewarded for their outstanding performance.

Spectra aimed to encompass everything from creativity to innovation, planning to strategy, fun to learning through various management activities and competitions. 11events were conducted during the fest which includes **Hackathon, Finance, Marketing, Best Manager, Human Resource, Treasure Hunt, Short Movie Contest, Music Band, Fashion Contest, Cultural Event and Photography**. **Spectra 2020 witnessed 168 teams comprising 572 participants** from various colleges

The valedictory programme was held on 13th February 2020 which also witnessed good participation in form of eminent guests and the students. The celebrities namely **Mr. Arava Gowda, Ms. Anusha,**

Ms. Sindhu Lokanath, Mr. Vikas, Mr. Aryan, Special Officer Mr. Abel Mathew Prasad and Principal Dr. C J Priya were present on the dias. The Winners and Runners of all the events were awarded with cash prize and a trophy. The events and performances were reviewed. **The Overall Championship Winners was bagged by Jains College, Bangalore and Runners were JSS College, Mysuru**. The guests presented cash prizes to the winners & runner-ups of all the 11 events and the certificates were also given to all the participants.

- **FUN WEEK 2020**

DAY 1: TWIN DAY

The first day of Fun Week was organised on the Theme **"Twin Day"** which was held on 02nd March 2020. Students participated with lot of enthusiasm by dressing according to the theme. Off stage and On stage events were held that suited the theme of the day. Mr. Abhishek, II BCA & Mr. Chandan Kakade, II BCA won I prize and Ms.Vachana, I B.Com & Ms. Chelsia Emaculate, I B.Com won IInd prize in the "Twin day" ramp walk event.

DAY 2: VILLAGE DAY

Village Day was organized on 03rd March 2020 which provided an opportunity for everyone to celebrate the unique aspects of their individual cultures together as a community. Mr. Pradeep, II B.Com won I prize and Ms. Vachana, I B.Com won II prize in the "Village day" ramp walk event.

DAY 3: BACK TO SCHOOL

Back to school was organized on 04th March 2020 where the students dressed up in school uniforms and entertained the audience. Mr. Abhishek, II BCA won I prize and Ms. Ashwini, II BCA won II prize in "Back to school" day ramp walk event.

DAY 4: HALLOWEEN DAY

Halloween Day was organized on 05th March 2020. The day was filled with fun events designed to bring out the creative side of the students. The students came dressed as their favorite monsters and movie characters. Mr. Abhiskek, II BCA won I prize and Mr. Pradeep, II B.Com won II prize in "Halloween day" ramp walk event.

DAY 5: ETHNIC DAY

Ethnic Day was organized on 05th March 2020. The main intention of the celebration was to make students aware of different traditions, culture & its importance. The Ethnic Day was quite enriching as it made students realize the importance of other traditions and inculcate the value of unity and togetherness by respecting other traditions along with their own. Mr. Gowtham, III B.Com was crowned as Mr. Ethnic and Ms. Vachana, I B.Com was crowned as Ms. Ethnic.

IGNORANCE

IS THE CURSE OF GOD;

KNOWLEDGE

IS THE WING WHEREWITH
WE FLY TO HEAVEN

William Shakespeare

THE TORN CLOAK

This story is purely imaginary and original and it is not copied by any books or any websites, please read and encourage it…

In a village situated in the sea coast, there lived two friends - Sohan and Mohan. One day, when they were fishing in the sea, a fierce storm arose. They quickly started sailing towards the shore. Suddenly, they heard someone crying for help, the two friends looked around but couldn't see anyone except violent sea waves.

They thought that it was their imagination. They moved little ahead again they could heard the same voice,

"save me! Please take me in your boat , otherwise I'll drown ".

"But , where are you? We are not able to see you. How Can we save you?" shouted Sohan. "Oh!" Came a voice and a dwarf appeared. He was holding a cloak in his hands and he was drowning in the sea. Sohan and Mohan jumped into the water and somehow saved the dwarf from drowning. The dwarf was feeling tired.

" We couldn't see you earlier, otherwise we would have saved you then only ",said Sohan

"I was sailing in the sea. My small boat got drowned due to the strong storm. I was wearing this magical cloak and because of this you were not able to see me", said the dwarf pointing towards his cloak.

"Magical cloak!", exclaimed both the friends

"Yes, this is a magical cloak", said the dwarf "You saved my life, therefore I give this cloak

Damodar D
I B.Com.

to you", said the dwarf and gave the cloak to Sohan and Mohan.

When they reached the shore, the dwarf again thanked the two friends and went on his way.

Sohan and Mohan also started off for their house. On the way, Mohan said, " Sohan, we haven't yet checked whether the cloak is really a magical one.

''Wear it and see. We will come to know the fact said Sohan.

Mohan wore the cloak the next moment, he was invisible….Sohan jumped with joy and said,

'Mohan this cloak is really magical you are not visible to me"

But Mohan took it as a advantage and ran away from the sight of Sohan, and Sohan was screaming like a dog that " Mohan where are you"

But there was no response.

Sohan was upset and went home. There was no news about Mohan. After some days many mysterious things like money of businessmen's and traders flew in the air once they return home.

Then were confused and complained to the king.

King replied " I shall look after it". Then Sohan volunteered himself to solve the case.

After all investigations he got a clue that these things are done by Mohan. Then he thought an idea, in a room he kept bundles of money and also prepared a shake or a mix of red water in the place of money. Sohan's plan was that when Mohan comes to pick the money, he would blast the red water in the roof and then red water would fall on the body of Mohan. Sohan's plan was successful and Mohan was caught red handed. Then

Sohan said to Mohan,

"Use the magical power which is in you to do good let us not use it as a weapon to hurt someone or cheat someone", Do right things in right manner then you automatically get what you want".

Mohan was then sent to the jail and Sohan was rewarded from king.

"Be good, what you want automatically comes to you".

GOAL SETTING

(Source: http/Jamesclear.com)

Goal setting is very important in the competative world. We set goals for our career, our health and our lives in general. It seems that the modern society is always encouraging to think about the next milestone. However, what we don't think enough is about the science and strategy of goals and how to accomplish it.

Most goal setting exercises start with an overpaid consultant standing by a white board and

Chinmayi G S
III B.Com.

asking something like, "What does success look like to you? In very specific terms, what do you want to achieve?"

If we are serious about achieving our goals, however we should start with a much different question. Rather than considering what kind of success we want, we should ask, "What kind of pain do I want?"

This realizes that having a goal is the easy part. The real challenge is not determining if you want the result, but if you are willing to accept the sacrifices required to achieve your goals.

It's easy to sit around and think what we could do or what we'd like to do. It's an entirely different thing to accept the tradeoffs that come with our goals.

Everybody wants a gold medal. Few people want to train themselves - like an Olympian.

This brings us to our first key insight. Goal setting is not only about choosing the rewards you want to enjoy, but also the costs you are willing to pay.

Goals are useful for setting the direction. Systems are great for actually making progress. In fact, the primary benefit of having a goal is that it tells you what sort of system you need to put in place. However, the system itself is what actually achieved the results.

"The Harder you work for something, the greater you'll feel when you achieve it."

THE XIAOMI REVOLUTION

The smartphone revolution started in the year 2011 where only 2 companies had acquired Indian market; Apple and the other, Samsung. The major problem with these two companies was that they were not focusing on economical budget category. If a consumer wants to purchase a Smartphone he was supposed to spend a minimum of Rs, 10,000 and more, this was the case with Samsung. Coming to Apple, the initial price was Rs. 25,000. We can say that these two companies were in the driver's seat in the market before Xiaomi entered.

Xiaomi came into action with the investment of Mr. Ratan Tata and with the initiative of Make in India by the consultant of Mr. Chandrababu Naidu. They started their proceedings with" Mi 1" but unfortunately it was a flop show for them. As days passed, they adapted technology which proved prolific for them. Later, they launched "mi 3" and "Redmi 2". Unfortunately this too didn't meet the expectations of their in the Indian market. But still there was loads of positivity for the company as the youths in the market started giving overwhelming responses which fascinated the Xiaomi team. Xiaomi found very promising for the youth. The large fame that Xiaomi is enjoying today is mainly because of youths in the country. In the substantial years Xiaomi elevated leaps and bounds and majorly affected the Samsung

Rizwan
III B.Com.

territory. On the one hand, the sale of Samsung smart phones and on the other there was an increase in the sale of Xiaomicell phones. It is during this time, Xiaomi recorded a sale of 1 million smart phones in India.

The most popular Smart phones that Xiaomi has produced till date is – Redmi Note 5 pro, Redmi Note 7 Pro, MI A1 and Redmi 6 Redmi 10000. There are many other International brands that entered Indian market such as LeTV [LeECO], Huawei, Lenovo, Asus and many others but Xiaomi has outperformed every other company since it is constantly inflicting upgradation in terms of technology.

Since every person does not purchase phone for the sake of selfies or for the better snaps rather many purchase to meet the necessity. Xiaomi is one of the companies which focus on budget smartphones and it is worth to have a Xiaomi produced device. It is recommended either to go for Xiaomi devices or to go with qualcomm processor smart phones.

NIGHT VISION TECHNOLOGY

Night vision connotes the capacity to find in dull (night). This capacity is typically controlled by owls and felines, however with the advancement of science and innovation gadgets has been create which empowers individual to find in dull also in antagonistic barometrical conditions, for example, haze, rain, tidy etc.

The muscles in the human eye can extend or contract consequently, contingent on the power of light falling on the eye. When we go out in brilliant daylight, the student gets contracted. On the other hand, when we enter a shaded or dull room around then the muscles of eye unwind and make the opening of the eye focal point sufficiently huge to enable adequate measure of light to pass through, therefore the articles in the room seem obscured. In light of this human eye have restrictions.

The muscles of eye can't expand the gap inconclusively. Subsequently, in poor light we can't see the articles in light of the fact that the picture can't be framed on the retina plainly. The capacity to recognize and distinguish focuses during the evening and under poor comprehensible conditions has been a basic military prerequisite. . The advanced armed forces have to work around evening time and under states of to a great degree poor comprehensible, since the troopers need to regularly battle oblivious during the evening, they need to confront a serious worry the extent that the area of target is concerned. Likewise different natural life spectator need to confront issues of low light on the grounds that numerous wild creatures are more dynamic amid evening time than day, along these lines to see their way of life and study it night vision is vital . In this manner to make individual unfit to find in dim by

Shreyas
III BCA

innovative means, night vision innovation has been produced.

Night vision technologies are divided into three main categories:
- Image intensification
- Active illumination
- Thermal imaging

Image Intensification System Image heightening frameworks bolster coordinate perceptions by opening up low levels of accessible light. They don't 'transform night into day' Nor do they conquers the issues that influence vision in low light situations. The picture intensifier is a vacuum-tube based gadget that believers imperceptible light from a picture to unmistakable light with the goal that an items oblivious can be seen by a camera or the exposed eye. At the point when light strikes a charged photocathode plate, electrons are produced through a vacuum tube that strike the smaller scale station plate that reason the picture screen to enlighten with a photo in an indistinguishable example from the light that strikes the photocathode, This is much similar to a CRT TV, however rather than shading weapons the photocathode does the transmitting. The strengthened picture is, normally, seen on a phosphor screen that makes a monochrome, video-like picture, on the client's eyepieces.
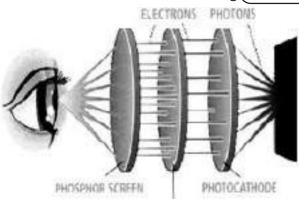

Fig1: Image Intensification Systems
Advantages

ELECTRONS PHOTONS

PHOSPHOR SCREEN   PHOTOCATHODE

➢ Magnificent low-light level affectability
➢ Enhanced unmistakable imaging yields the most ideal, acknowledgment and recognizable proof execution.
➢ High determination.
➢ Low power and cost.
➢ Ability to distinguish individuals

Disadvantages

Since they depend on intensification strategies, some light is required. This strategy is not valuable when there is

➢ Basically no light. Substandard daytime execution when contrasted with sunlight just techniques.
➢ Possibility of sprouting and harm while watching splendid sources under low-light conditions.
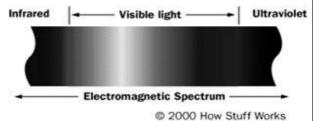

Dynamic Illumination

Dynamic enlightenment innovations deal with the standard of coupling imaging heightening with a dynamic wellspring of brightening in the close infrared (NIR) band. Infrared is utilized as a part of night vision innovation when there is lacking noticeable light to see, dynamic enlightenment includes transformation of surrounding light photons into electrons which are then opened up by a concoction and electrical process and after that changed over once again into obvious light. Dynamic infrared night vision joins infrared light in ghastly range 0.7–1ìm. Because of which the scene, which seems dim to a human spectator now shows up as a monochrome picture on an ordinary show gadget. Since

dynamic infrared night vision frameworks can fuse illuminators that create elevated amounts of infrared light, the subsequent pictures are regularly higher determination than other night vision innovations. The utilization of infrared light and night vision gadgets ought not be mistaken for warm imaging which makes pictures in view of contrasts in surface temperature by distinguishing infrared radiation (warm) that exudes from objects and their encompassing condition.

Thermal Imaging

So as to comprehend warm imaging, it is vital to comprehend something about light. The measure of vitality in a light wave is identified with its wavelength: Shorter wavelengths have higher vitality. Of obvious light, violet has the most vitality, and red has the minimum. Only by the obvious light range is the infrared range.

Fig2: spectrum of light

Infrared | ← Visible light → | Ultraviolet

← Electromagnetic Spectrum →

© 2000 How Stuff Works

Infrared light can be part into three classifications:

➢ Near-infrared (close IR) - Closest to unmistakable light, close IR has wavelengths that range from 0.7 to 1.3 microns, or 700 billionths to 1,300 billionths of a meter.
➢ Mid-infrared (mid-IR) - Mid-IR has wavelengths extending from 1.3 to 3 microns. Both close IR and mid- IR are utilized by an assortment of electronic gadgets, including remote controls.
➢ Warm infrared (warm IR) - Occupying the biggest piece of the infrared range, warm IR has wavelength going from 3 microns to more than 30 microns.

PRIDE OF OUR INDIA - ADITHYA BIRLA GROUP

Birla group is a one of the leading HUF business firm which is founded by "SathShiv Narayan Birla" in 1857167 years ago). This family dealt with financial business in 1859. And it is continued by the family members. Now it is headed by Mr. Kumar Mangalam Birla. Birla Group's head office is in Mumbai, Maharashtra, India.

It is now one of the India's leading Multi National Companies, with branches across 34 countries. They are the pride of India who are contributing 3% of GDP growth.

Birla group are experts in agribusiness, carbon blocks, cement, finance, mining, metals, retail pulp and fibres, telecommunications, textiles and wind power. International clothes brand namely "Peter England", "Allen solly", "Louis Philippe", " Van Heusen" are the main brand products of Birla.

It is a multinational company having 1,20,000 (2015) employees with overall turnover per year

Damodar D
I B.Com.

$ 48.3 billion US Dollars (2019).

Birla group also offers subsidiary namely Grasim industry, Birla capital, Vodafone, idea, hindaleo industry, pantaloons and fashion and retailers like "More" etc.

We have to be a proud that an Indian company is leading business world wide and contributing more growth in society and to the country . Marketing strategy of this company is "To reach every man that he can recognise them in everywhere and anywhere and every time".

GET PAID FOR HAVING FUN

Yes, you read it right,you can get paid for having fun, and I am getting too!

How? Its magic I have performed a lot of free magic shows but I thought why shouldn't I charge, for what I was good at. I have performed at many birthday day parties. Within a year I was able to recover my college fees.

You have a lot of options to get paid for. Just figure out your interests,it may be singing, dancing, music instruments,drama, anchoring, cooking. Develop your skill and ask people to pay how much ever they wish to.

I am not insisting you to go behind money, but to go behind your hobby. Please pursue your studies, give it 90% and remaining 10% instead of spending time in social media, electronic gadgets, you can invest time in hobbies which

Koushal Shenoy
I B.Com

gives you interest back, and I am sure people will come asking for your service or skill .

I have never asked for shows and to be honest, I got my first paid show on a request. The whole point here is not making money but to get something good out of your hobby and to get motivated to improve yourself with the skill.

All the best.

THE JOURNEY OF J. K. ORGANISATION

The word success is not of achieving the goals. It is a journey which recognises in a big manner and that journey should create a history… that inspires the youth to achieve their goals.

JK organisation is a HUF (Hindu undivided family) business which is founded by the family heads of "Singhania". "Lala Juggilal Singhania" and "LalaKamalopatSinghania". The organisation was started in 1888 in Kanpur, India.

The present Chairman of J K organisation is Dr. Raghupathisinghania

The name "JK" is derived from the initials of Kamalapat and his father J Uggilal (1857-1922) who belonged to the family associated with the Marvadi firm, SevaramRanri Kludar of Mirszapur.

JK organisation are experts since 18th century, in manufacturing the "bull cart wheels" which includes wood and the protection layer of carbon tyre.Gradually, with the advancement of technology, they came up with new style and new models of tyres manufacturing. Now, it is the only company in India which produces eco - friendly carbon blocks which is used to manufacture the tyres

Damodar D
I B.Com.

and also they have also expertise in manufacturing huge tyres which are used in JCB, truck, tractors and heavy vehicles.

They not only manufacture tyres but also they are into manufacturing cement, paper, software, dairy products, seeds, engineering equipment.

JK organisation's total revenue per year is $7.0 billion (us dollars) in India rupees [1] 4.99 trillion and. 50,000 employees are presently working in this organisation.

JK organisation's marketing strategy is involved in exterminate advertisements and production activity guaranty and warranty .

This firm has received many prestigious awards including "National energy management award" and SEEM award, IAPR award

TRANSFORM YOUR SETBACKS INTO COMEBACK

Mohammed Shakeel
III B.Com.

There are different kinds of people who exist in this world. There are some who would rather die without taking any risk. There are some who only dream about taking a risk but never actually get down to it. There are some who take risks, fail and never think of taking risks again. Then there are few who take risks, make mistakes and keep trying until they get it right.

Many people are lot worried about their end result before even beginning the process, the preparation. Great men/women are great in this world because they were not just great with their results but were also great in their preparation and in the process. Great coaches often tell that be focused about yourself rather than focusing your competitor. For an instance, let's assume that there are 2 swimmers swimming in lane 1 and lane 6 of the same swimming pool. If the swimmer of lane 1 is focusing on the other swimmer who is in lane 6, the former might end up losing to the latter, since he is wasting his time and energy on the things he cannot control. Alpha-Omega, if an individual is focused about himself regarding preparation and performance rather than thinking about the other, definitely the end result will be in his favor.

The thing that sets winners apart from losers is that losers are secretly afraid of the pressure they would undergo if they won [to keep winning], while the winners are not afraid of losing. Everybody fails. The one who is considered to be the greatest who has ever walked on this planet has also failed but whenever they have failed they learnt something new and were conscious enough to not repeat the mistakes. That is where the greatness lies. Here are some ways by which we can make our failures work for us:

1. Accept the mistakes
2. Revisit the mistakes and analyze where we went wrong
3. Rectify the mistakes based on our analysis
4. In the process, the key is to stay self-motivated and not to get dejected.
5. Keep going with a hope that the new plans you have drafted will turn prolific.
6. Do not give up. If you do so then you are in the losers basket.

Remember, your preparation will take you places, the more you sweat during preparation, the better chances you are equipped of winning the battle. So do not focus only on end result rather focus on the whole process.

SOCIAL COMPUTING

Social computing is an area of computer science that is concerned with the intersection of social behavior and computational systems. It is based on creating or recreating social conventions and social contexts through the use of software and technology. Thus, blogs, email, instant messaging, social network services, wikis, social bookmarking and other instances of what is often called social software illustrate ideas from social computing.

Sukshma R D
Asst. Professor
Dept. of Computer Science

Introduction

Social Computing refers to systems that support the gathering, representation, processing, use, and dissemination of information that is distributed across social collectivities such as teams, communities, organizations, and markets. Moreover, the information is not "anonymous" but is significantly precise because it is linked to people, who are in turn linked to other people.

With the advent of Web 2.0, Social Computing has emerged as one of the hot research topics recently. Social Computing involves the collecting, extracting, accessing, processing, computing, visualizing, etc. of social signals and information. More specifically, this tutorial places special emphases in machine learning, data mining, information retrieval, and other computational techniques involved in collective intelligence processing of social behavior data collected from blogs, wikis, click through data, query logs, tags, etc., and from areas such as social networks, social search, social media, social bookmarks, social news, social knowledge sharing, and social games

History of Social Computing

Social computing is generally thought to be a relatively new concept. However, it isn't as new as you might think. For more than thirty years, technology and the trends resulting from technology, have lead to what we now consider to be social computing. Social computing really began in the 1950s with "The Phone Phreaking Era." This era began due to the fact that phone calls were very expensive. People, known "phreaks," began building devices that hacked into the telephone networks and allowed them to make free phone calls. In addition, "Phreaks sniffed out telephone company test lines and conference circuits in order to host virtual seminars and discussions."1 By doing this, phreaks were able to create the first blogs and podcasts.

Benefits of Social Computing

Social Computing is the process that provides an increased rate of speed of the access to knowledge. Besides it also provides a wide range of knowledge through the interaction with multiple users. It computing offers a great range of communication among all the users by connecting them together and thus reduce the cost of the communication to a great extent. This process of Social Computing increases the efficiency of the users and thus increases the speed of the access to the experts. By this process, a better performance and a greater efficiency is achieved by the users.

Factors navigating the Social Computing:

- Monitoring
- Participating
- Enabling
- Leveraging

CHEER MUST REPLACE FEAR

There is no individual in this world who has no fear. Everybody has fear. The difference between successful person and the failure, can be defined through 80-20 formula. The successful person has 80% faith and 20% fear and in the case of failure the numbers are reversed.

O dear, why do you live with so much fear?

Remember, to your goal, you are not near!

Your goal to others might look mere,

But to you, it must be always dear.

    What is there to fear?

    Perhaps it makes you shed only tears,

    All in all it forces you to drink beer,

    So, Give up fear and start to cheer.

Live your life in top gear,

For nasty opinions don't give your ear,

In the absence of fear, your goal seems to

be an inch near,

Mohammed Shakeel
III B.Com.

To you, your life should not be queer.

Fear will definitely make you shiver,

It produces unanimous trigger

In your mind, have a proper figure,

Face your fears. My dear, face your fears.

An Article on Music

"Music is life, that's why our hearts have beats"

Music is not my profession but
Music is my passion!
Music is in my blood....

Music gives a soul to the universe,
Wings to the mind,
Flight to the imagination
And Life to everything.

Nayan Hashmi
Asst. Professor
Dept. of Commerce and Management

Music is not just a couple of words arranged to make pleasant combinations of sound. It's a different language, a language that's there inside every person. It is a language that gets both the singer and the listener very much involved that they tend to forget everything around them.

When we listen to music, we are in a world of our own, created by music.

Music has no boundaries.... It can be sung by any one -who enjoys and appreciates it. It can be of any genre- rock, pop, jazz, metal & melody or of any language- English, Spanish, Hindi, Kannada, Tamil etc. The horizons of music are as vast as the universe!

Music has the power to connect the world - it connects people from across the different continents, countries, states, cities & districts. People with different language, having different culture and following different religion gets connected by music. Music can break all enmity and unite any broken bond and heal the world.

Music can play an imperative role in our life- a person cannot always be judged by his mannerisms or speaking skills, but his choice of songs can speak a lot about him. Each person will have their own collection of favourite songs. But the song most dear to them can keep changing with changes in their life.

Life never fails to surprise us, and so does music. I am sure there's a song for each one of you out there....Like I said, the right song can do a lot to you....It can make you cry like you've never cried before....It can make you feel you are the happiest person on earth....It can make you fall in love....

It can clear your mind...It can depress you and console you at the same time....And also forget and forgive....!

There is no end to the power of music…......
Trust me...Because, I've felt it....And you will too....

JOKES

A family of mice were surprised by a big cat
Father Mouse jumped and said, "Bow-wow!"The cat ran away.
"What was that, Father?"asked baby Mouse
"Well, son, that's why it's important to learn a second language."

SATOSHI NAKAMOTO

We are in the world of digital era. After civilisation for business purpose people used barter system, later coins came into existence then the paper notes came into existence. Money created a biggest revolution in the field of business. The present trend is to do business by using digital cash and digital assets. Digital money became very popular as it does all the work of conventional money. It is used for buying goods, pay for services and we can exchange it for other currencies. They are centralised and there is no geographical boundaries. It can be transacted from anywhere in the world.

Digital currency is electronic money where it does not exist physically but exists only in digital world. Crypto currency is a type of Digital currency.

The concept of having digital asset is an innovative aspect. In 1998 the idea of digital currency was first introduced by Wei Dai who was a Computer engineer who had his Alma meter at University of Washington. He first came with this idea by publishing it in a paper where he discussed "B-money". Later on in the same year there was one more attempt made by Nick Szabo who was also a computer engineer from the same University who is considered as a block chain pioneer. He wanted to introduce decentralised digital currency called 'Bitgold'. Both Wei Dai and Nick Szabo were not successful in launching it officially.

The credit goes to "Satoshi Nakamoto" from Japan, who was the first person in succeeding in the launch of the digital currency officially. He started his research work in the year 2007 with his colleague and registered a website in the name bitcoin.org.

Bhagyalakshmi. C
Asst. Professor
Dept. of Commerce & Management

He invented a Cryptocurrency called BITCOIN in the year 2008. He describes it as a "Bitcoin : A Peer -to- Peer electronic cash system". He continued his research activity by collaborating with other software developers. Bitcoin was structured by record -keeping and security system called block chain.

A fact of "Satoshi Nakamoto" is quite interesting. "Satoshi Nakamoto" is a Pseudonym. Satoshi means a small unit of bitcoin. Nakamoto is a surname used in Japanese. It is believed that he was born on 5th April,1975. His intention was to create digital cash and he did his successful research in digital crypto currency. Nakamoto has not disclosed any personal information. It is told that he is a 37 years old male lived in Japan. But bitcoins are labelled in Japanese. Some people consider Nakamoto may be a team or group of people.

Crypto currency is a digital or virtual currency that is secured by cryptography. 'Crypto means various encryption algorithms & cryptographic techniques. The word crypto currency is derived from the encryption techniques which are used for network security. Crypto currencies make use of cryptographic which are very complex coding system that encrypt the data and transfers them

into secured units of exchange. Crypto currency developers construct these protocols in such a very where it is very difficult to duplicate and it protects the currencies.

In simple words crypto currency is a medium of exchange which uses internet and crypto graphical functions to do financial transactions. Crypto currencies are not controlled by any centralised authority. It can be sent to two people using public & private keys. Processing fees is charged. There are different types digital currencies like Ethereum, Ripple, Litecoin, Tether, Libra, Menero, Ven, Darkcoin, Peercoin, Dogecoin, Primecoin, Chinacoin and the most popular is Bitcoin.

Bitcoin is a crypto currency. It is decentralised digital currency without a central bank that can be sent on peer-to-peer bitcoin network. Bitcoins are stored in bitcoin wallets. Bitcoins though they have gained popularity as it is used for investment but still it has lot of drawbacks and it is controversial & is been criticized by many thinkers & economists. It is banned in more than 20 countries around the world. It is used for illegal transactions, high price volatility, high electricity consumption, thefts in exchange, it can be hacked, and it fuels speculation. There is no proper uniform regulation for bitcoin mining. In a country like India there are no proper rules for the taxability of bitcoins. There are crores of bitcoins in world trading everyday.

In future bitcoins can be centralised and if proper guidelines, tax laws are framed at international level then Bitcoins has a long way to grow.

>>>>>>>>>> ********** <<<<<<<<<<

WHY ENGLISH IS HARD TO LEARN

We'll begin with box; the plural is boxes,
But the plural of ox is oxen, not oxes
One fowl is a goose, and two are called geese,
Yet the plural of moose is never called meese.

You may find a lone mouse or a house full of mice;
But the plural of house is houses, not hice.
The plural of man is always men,
But the plural of pan is never pen.

If I speak of a foot, and you show me two feet,
And I give you a book, would a pair be a beek?
of one is a tooth and a whole set are teeth,
Why shouldn't two booths be called beeth?

If the singular, this and the plural is these,
Should the Plural of kiss be ever called keese?

We speak of a brother and also of brethren,
But though we say mother, we never say methren.
Then the masculine pronouns are he, his, and him;
But imagine the feminine...she, shis, and shim!

"I CAN IS BETTER THAN IQ"

Swami Vivekananda says "You are the Creator of your destiny".

It depicts the fact that a person's future lies in his own hands and he himself is the sculptor of his life.

Our life goes on the way we lead it. Life is very short. Our birth has a purpose behind. It is very important to leave some sparkles behind. Otherwise there will be no difference between us and the other creatures. They too take birth and die. We need to make a difference by leaving a legacy.

The world is open for all. Nothing is impossible, as the word itself says I'm possible. The important tools essential for converting impossible to possible are will power, zeal, self confidence etc.

The five magical words "I CAN DO IT TOO" are the footsteps towards the door of success. We need to believe in our self and have a strong faith in our calibre. "Where there is a will, there is a way".

Champions are not extraordinary people. In fact champions are ordinary people with extraordinary attitude. This extraordinary attitude is nothing but a strong determination

Raghunandhan
Asst. Professor
Dept. of Commerce & Management

of achieving the goal and with a deep rooted faith about their own potential. Faith is the force that sets us free to succeed in life. "Hardwork beats smart when smart doesn't want to work hard.

Once the journey of achieving our goal begins, there might be many obstacles and failures. But we need to remember one thing - " failure is the first step of success" and also "success is never ending and failure is never final"

The other essential quality for reaching our goal is to dream of it. Because if you can dream it, you can do it.

With all these, we have to start our work of becoming a champion with - " I can" motive – as it is the strong power. It leads to success. Let us begin our work from today......

GREEN COMPUTING

Green computing is the study and practice of minimizing the environmental impact of computer system and related resources effectively and eco-friendly. It is an emerging concept towards reducing the hazardous material and save our environment from the harmful impacts of the computer, CPU, servers and other electronic devices. Green computing is basically concerned with the Computers when they are manufactured, used and disposed with no side effect on environment. Use of computer plays a vital role in our environment pollution. In this era 70 percent of energy is consumed by our computers which are not in properly used and is still turned on and that consumed energy is main reason of co2 emission. So now there is a big need to save our environment and live a healthy life.

Green computing is an application of environmental science which offers economically possible solutions that conserve natural environment and its resources. Green computing is designing, manufacturing, using and disposing of computers and its resources efficiently with minimal or no impact on environment. The goals of Green computing is to manage the power and energy efficiency, choice of eco friendly hardware and software, and recycling the material to increase the product's life. Go for Green computer reduced your electricity bill and give a full rest to your mind. Now in these days, we use the star management strategies and technologies that reduce energy consumption waste.

History of Green Computing

Green computing is started in the 90's when US environment protection energy launched

Savitha K V
HoD & Asst. Professor
Dept. of Computer Science

the Energy Star Program. Energy star is a program of label awarded to computers and other electronic devices. It is basically used to minimize the use of the energy and maximize the efficiency of the product/ device.

Need of Green Computing

Green computing is popular now days. By using the computer we save our lot of time and efforts of humans. But the use of the computers also increases the power consumption and also generates the more amount of heat. Great heat generation means greater emission of co2.

The major causes for Green computing are:-

Lot of electricity is used- Most of the natural resources are being used to get the electricity that all have some impact on the environment. To save the electricity we have to use the green computing.

Creates more toxic waste:-Most of us are updating our computers, throwing our outdated computer resources, peripherals and other hardware devices etc, these are the hazardless toxic waste We are producing that really damaging the environment now a days. For that reason we have to use the Green Computing.

Efforts for Green Computing

Buy energy star labeled products

Energy star products are manufactured keeping in mind the term of green computing and its features. These products are manufactured on the idea of use less power consumption. These devices are programmed power down to low power state when they are not in use. In fig.1 the logo which is displayed are used in the Products for energy save. So we should buy more energy star labeled products to save our environment.

Fig. 1 for Energy Star Logo

Shut down your computer: when we are not using computer, we should switch off it because computer and its devices consume more power and the result is more co2 emission.

Fig.2 Shut Down PC

Sleep mode: we should put our pc on sleep mode when it's not in use because in sleep mode pc consumes low power.

Fig.3 for Sleep mode

Hibernate your computer: - It does shut down everything when we don't use computer for short period of time. We should hibernate our computer.

Fig. 4. For Hibernate Computer.

Stop screensavers: - keep your screensaver off because it also use's electricity even when computer is not in use.

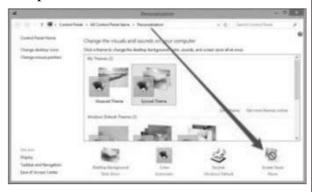

Fig. 5 Screensaver

Set up your Power Plan for Pc: - You have to set up an effective power plan for your PC. It can save lot of electricity f or you. If computer consume more electricity then it is more harmful for our environment.

Fig. 6 Power saving

Recycling of old devices: - Manufacturing of new computer devices from the old ones by using the recycling techniques. Formal

recycling technique is being used by many companies. It is being performed in a special laboratory. By using these Recycling techniques we save our environment.

Fig. 7 Recycling Lab

Advantage of Green Computing

Ø The major advantage of Green Computing is it reduces energy usage through green computing techniques that controls the carbon dioxide.

Ø Green Computing uses less energy for electronic products during produce, use and dispose.

Ø By using this technique it saves energy and money too.

Source : Internet

>>>>>>>>>> ********** <<<<<<<<<<<<

"TECHNOLOGY SHOULD BE YOUR SERVANT, NOT YOUR MASTER"

The most important part of the smartphone is processor. The good the processor is the better the performance and long lasting.

Speaking of current market of smartphones Samsung is gathering everyone's attention on their smartphones, especially 'M' series has gained much attention from customers which is best in the budget and mid range segment, their camera quality is good and also its display quality.

But the main problem is earlier they were using Qualcomm's outdated processors and Mediatek processor which are very low in price and easily available. To overcome this issue Samsung established it's own processor company called Exynos. Samsung started using Exynos processor on their budget and mid range segment and also in some of the flagship level smartphones in India, in other part of the world such as U.S and Europe Samsung prefers to use Qualcomm processor and only in developing countries like India they use their own processor (Exynos). When we compare Exynos processor with Qualcomm processor, the Qualcomm

Rizwan Pasha
III B.Com.

processor's graphics and performance is better than the former (Exynos/mediatek). The fact to be remembered is, if the processor is not powerful then it tends to lag after a few days or months depending on the usage.

I'm not particularly speaking of Samsung but there are many brands who use outdated processors just because they are available easily and at a lesser price as well, so that the company can make profits just by giving newer design.

If you are in search of good smartphone the basic step is to ascertain which processor the company is using. It is highly recommended to look for the smartphone which consists of Qualcomm Snapdragon processors.

QUANTUM COMPUTING

Quantum computing is the use of quantum-mechanical phenomena such as superposition and entanglement to perform computation. A quantum computer is used to perform such computation, which can be implemented theoretically or physically.

Abhishek
I BCA

A quantum computer is any device for computation that makes direct use of distinctively quantum mechanical phenomena, such as superposition and entanglement, to perform operations on data.

A quantum computer using Shor's algorithm could achieve the same feat in just 10 seconds, with a modest 1 million operations per second. That's the power of quantum computers: 300 trillion years versus 10 seconds.

Today, a single qubit will set you back $10,000 – and that's before you consider research and development costs. At that price, a useful universal quantum computer – hardware alone – comes in at least $10bn.

According to physicists, this parallelism allows a quantum computer to work on a million computations at once, while your desktop pc works on one. NOTE: - A 30-qubit-quantum computer would equal the processing power of a conventional computer that could run teraflops (trillions of floating-point operations per second).

Although this Google achievement is certainly a feat in the world of quantum computing, the field is still in its infancy and practical quantum computers remain far on the horizon, the researchers said.

LIFE AND THOUGHTS OF SWAMY VIVEKANANDA.. INSPIRING THE YOUTHS

Born as Narendranath Dutta on 12th January 1863 in the holy and divine place of Kolkata, Swami Vivekananda was a great Indian saint. He was a figure with "high thinking and simple living". He was a great pious leader, a philosopher, and also a devout personality with great principles. His eminent philosophical works comprise of "Modern Vedanta" and "Raj Yoga". He was a principal disciple of "Ramkrishna Paramhansa" and was an initiator of Ramkrishna Math and Ramkrishna Mission. He thus spent his whole life in the dispersion of the values embedded in the great Indian culture.

Mukesh
I BCA

Childhood Days

Swami Vivekananda, the son of Shri Vishwanath and mother Bhuvneshwari Devi was called by the name "Narendranath Dutta" in the early days. Narendra was a child of unquestioned expertise and intellectual capability who used to take grasp of all his school teachings at first sight.

This excellence was recognized by his Gurus and thus was named "Shrutidhar" by them. He possessed manifold talents and skills comprising of swimming, wrestling which were a part of his schedule. Influenced by the teachings of Ramayana and Mahabharata, he had bottomless respect for religion. "Pavan Putra Hanuman" was his ideal for life.

Narendra was a lover of heroism and mystical by nature. Despite his upbringing in a spiritual family, he owned an argumentative personality in his infancy. His entire beliefs were assisted by an apt rationale and judgment behind them. Such a quality made him even put a question on the existence of the Almighty. He thus visited several saints and asked each one "have you seen God?" His spiritual quest left unanswered until he met "Ramkrishna Paramhansa".

Meeting with Ramkrishna Paramhansa and Harmonization of Indian Culture

Swami Vivekananda met Ramkrishna Paramhansa for the first time when the latter visited his friend's residence in Kolkata. Conscious of the supernatural powers of Swami Vivekananda called him to Dakshineshwar. He had a deep insight that Swamiji's birth was a boon to mankind for the upliftment of the universe. Fulfillment of his spiritual inquisitiveness made he finally acknowledge Ramkrishna Paramhansa in the figure of his "Guru". He was moved from darkness to illumination by his "Guru". As his deep gratitude and reverence for his Guru made him travel all the four directions for the diffusion of his Guru's teachings.

Swamiji won the hearts of everyone by his incredible speech at Chicago by addressing the audience as "Sisters and Brothers of America"

Vivekananda quoted these words" I am proud to belong to a religion which has taught the world both tolerance and universal acceptance. We believe not only in universal tolerance but we accept all religions as true." Thus, he set forward the worth of Indian religion exhibiting the values of universal

acceptance, oneness, and harmony despite multiplicity in cultures.

Netaji Subhash Chandra Bose once said," Swamiji harmonized the East and the West, religion, and science, past and the present and that is why he is great." He played a prominent role in ending India's cultural remoteness from the rest of the world.

A figure of highest ideals and great thoughts, Swamiji was an inspiration for the Youth of India. Through his teachings he wanted to fill the young brains with the powers of self-realization, character formation, to recognize inner strengths, service to others, an optimistic outlook, tireless efforts and a lot more.

Get the huge list of more than 500 Essay Topics and Ideas

Other Great Works by Swami Vivekananda

His famous quotations include, "Arise, awake and stop not till the goal is reached." He also added that anything making a child physically, intellectually and spiritually weak must be rejected as a poison. He also emphasized on an education that leads to character formation.

His establishment of "Ramkrishna Math" and "Ramkrishna Mission" was a sign of "Guru Bhakti", his sacrifice, austerity, and service of the poor and the downtrodden people of India.

>>>>>>>>>> ********** <<<<<<<<<<

INSPIRATIONAL QUOTES OF PAULO COELHO

* There are three things that a child can teach an adult to be happy for no reason; to be always busy doing something; and to know how to demand, with all one's might, what one want.

* Don't waste your time with explanations. Only people hear what they want to hear.

* When you find your path you must not be afraid. You need to have sufficient courage to make mistake. Disappointment, defect and despair are the tools god uses to show us the way.

* If everybody loves you, something is wrong. Find at least one enemy to keep you alert.

* Teaching is only demonstrating that it is possible. Learning is making it possible for yourself.

* When you want something, all the universe conspires in helping you to achieve it.

* Whoever you are or whatever it is that you do, when you really want something, it's because that desire originated in the soul of the universe. It's your mission on earth.

DISTRIBUTED CLOUD

Distributed cloud systems promise to bring about a new era of cloud computing. These systems distribute public cloud services to several locations outside a provider's data centers, but the provider still controls them. Cloud providers take care of cloud service architecture, governance, operations, updates, and delivery. Data centers can be anywhere, latency and data sovereignty challenges are reduced. Distributed cloud services offer the

Nithin
III BCA

benefit of a public cloud service with those of a private cloud.

A distributed cloud refers to having computation, storage, and networking in a micro-cloud located outside the centralized cloud. Examples of a distributed cloud include both fog computing and edge computing. ... A distributed cloud also processes data in real-time.

Distributed Cloud examines a major evolution in cloud computing where the applications, platforms, tools, security, management and other services are physically shifting from a centralized data center model to one in which the services are distributed and delivered at the point of need. The point of need can extend into customer data centers or all the way to the edge devices.

A distributed cloud refers to the distribution of public cloud services to different locations outside the cloud providers' data centers,
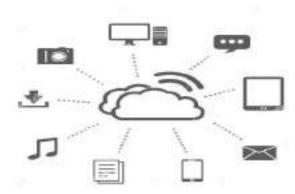

while the originating public cloud provider assumes responsibility for the operation, governance, maintenance and updates. This represents a significant shift from the centralized model of most public cloud services and will lead to a new era in cloud computing.

Concept of Distributed Cloud:

Gartner expects distributed cloud computing will happen in three phases:

% Phase 1: A like-for-like hybrid mode in which the cloud provider delivers services in a distributed fashion that mirror a subset of services in its centralized cloud for delivery in the enterprise.

% Phase 2: An extension of the like-for-like model in which the cloud provider teams with third parties to deliver a subset of its centralized cloud services to target communities through the third-party provider. An example is the delivery of services through a telecommunications

provider to support data sovereignty requirements in smaller countries where the provider does not have data centers.

% Phase 3: Communities of organizations share distributed cloud substations. We use the term "substations" to evoke the image of subsidiary stations (like branch post offices) where people gather to use services.

Cloud customers can gather at a given distributed cloud substation to consume cloud services for common or varied reasons if it is open for community or public use. This improves the economics associated with paying for the installation and operation of a distributed cloud substation. As other companies use the substation, they can share the cost of the installation.

This can deliver major improvements in performance and reduce the risk of global network-related outages, as well as support occasionally connected scenarios. By 2024, most cloud service platforms will provide at least some services that execute at the point of need.

There is a seismic shift that is about to reshape enterprise IT. Due to key trends like AI and IoT, applications and data as encapsulated in their supporting infrastructure are increasingly being spread across multiple datacenters – some on premises and some in multiple clouds – and edge sites.

This is a sharp demarcation from today's IT environment, where organizations rely largely on traditional datacenters and individual clouds. According to Gartner, over half of enterprise-generated data will be produced and processed outside traditional datacenters or a single centralized cloud by 2022, compared to just 10 percent today. By 2025, they forecast that number will climb as high as 75 percent to 90 percent.

ಮರೆಯಾದ ಮರೆಯಲಾಗದ ಮಾಣಿಕ್ಯ
ಶ್ರೀಕಂಠದತ್ತ ನರಸಿಂಹರಾಜ ಒಡೆಯರ್ (1953–2013)

ಸಾಂಸ್ಕೃತಿಕ ನಗರ ಎಂದೇ ಹೆಸರುವಾಸಿಯಾಗಿರುವ ಮೈಸೂರು ತನ್ನ ಕೊನೆಯ ರತ್ನವನ್ನು ಕಳೆದುಕೊಂಡು ತಬ್ಬಲಿಯಾಗಿದೆ. ಯಾವುದು ಆ ರತ್ನ ಎಂದು ಯೋಚಿಸುತ್ತಿದ್ದೀರಾ? ಅದುವೆ ನಮ್ಮ ಶ್ರೀಕಂಠದತ್ತ ನರಸಿಂಹರಾಜ ಒಡೆಯರ್. 1953 ಫೆಬ್ರವರಿ 19ರ ಮಧ್ಯರಾತ್ರಿ ಜಯಚಾಮರಾಜ ಒಡೆಯರ್ ಅವರ ಪತ್ನಿ ತ್ರಿಪುರಸುಂದರಿ ಅಮ್ಮಣಿಯವರಿಗೆ ಮೈಸೂರಿನ ಮಿಷನ್ ಆಸ್ಪತ್ರೆಯಲ್ಲಿ ಪುತ್ರರತ್ನ ಒಂದು ಜನಿಸಿತು. ಅವರೇ ಶ್ರೀಕಂಠದತ್ತ ನರಸಿಂಹರಾಜ ಒಡೆಯರು.

ಮಾನಸ ಆರ್
ತೃತೀಯ ಬಿ.ಬಿ.ಎ

ಫೆಬ್ರವರಿ 20ರಂದು ಇಡೀ ಮೈಸೂರಿಗೆ ರಜೆಯನ್ನು ನೀಡಲಾಯಿತು. ಅರಮನೆಯಿಂದ ಮೈಸೂರಿನ ಜನತೆಗೆ ಸಿಹಿ ಹಂಚಲಾಯಿತು. ಆ ಸಮಯದಲ್ಲಿ ಜಯಚಾಮರಾಜ ಒಡೆಯರ್ ಜನತಾದರ್ಶನಕ್ಕೆ ಮಹದೇಶ್ವರ ಬೆಟ್ಟಕ್ಕೆ ತೆರಳಿದರು. ಅಲ್ಲಿಂದ ಬಂದಮೇಲೆ 23ರಂದು ಪುತ್ರೋತ್ಸವವನ್ನು ಆಚರಿಸಲಾಯಿತು. ಅರಮನೆಯ ಕಲ್ಯಾಣ ಮಂಟಪದಲ್ಲಿ ನಾಮಕರಣ ಮಾಡಿ ಇಡೀ ಮೈಸೂರಿಗೆ ಅನ್ನದಾನ ಮಾಡಲಾಯಿತು.

ಬಳ್ಳಾರಿ ಜಿಲ್ಲೆಯ ಹಂಪೆಯಲ್ಲಿ ವಿಜಯನಗರ ಸಂಸ್ಥಾನದ ಶ್ರೀಕೃಷ್ಣದೇವರಾಯನ ಕಾಲದಲ್ಲಿ ಶ್ರೀ ಭುವನೇಶ್ವರಿ ದೇವಾಲಯವನ್ನು ಕಟ್ಟಿಸಿರುವಂತೆ, 1953ರಲ್ಲಿ ಜಯಚಾಮರಾಜ ಒಡೆಯರ್ ಅವರು ಶ್ರೀಕಂಠದತ್ತ ನರಸಿಂಹರಾಜ ಒಡೆಯರ್ ಅವರ ಹುಟ್ಟಿದ ಸವಿನೆನಪಿಗಾಗಿ ಮೈಸೂರು ಅರಮನೆಯ ಬಲ ದ್ವಾರದ ಪಕ್ಕದಲ್ಲಿ ಶ್ರೀ ಭುವನೇಶ್ವರಿ ದೇವಸ್ಥಾನವನ್ನು ಕಟ್ಟಿಸಿದ್ದಾರೆ.ಇಂದಿಗೂ ಪ್ರತಿವರ್ಷ ನವರಾತ್ರಿ ಆಚರಣೆಯಲ್ಲಿ ಈ ದೇವಾಲಯದಲ್ಲಿ ಬನ್ನಿ ಪೂಜೆಯನ್ನು ಮಾಡುತ್ತಾ ಬಂದಿದ್ದಾರೆ.

ಶ್ರೀಕಂಠದತ್ತ ನರಸಿಂಹರಾಜ ಒಡೆಯರ್ ವರ್ಣರಂಜಿತ ವ್ಯಕ್ತಿತ್ವವನ್ನು ಹೊಂದಿದ್ದರು. ಅರಸು ಮನೆತನಕ್ಕೆ ಯಾವುದೇ ಕಪ್ಪು ಚುಕ್ಕಿ ಬಾರದಂತೆ ಮೈಸೂರು ಅರಸು ಸಂಸ್ಥಾನದ ಧಾರ್ಮಿಕ ವಿಧಿವಿಧಾನ ಸಂಪ್ರದಾಯಗಳನ್ನು ಅರಮನೆಯಲ್ಲಿ ಶೋಭಿಸುತ್ತಿದ್ದರು. ಅಂತಹ ಮಹಾನ್ ವ್ಯಕ್ತಿ ಡಿಸೆಂಬರ್ 10 2013 ರಂದು ಇಹಲೋಕ ತ್ಯಜಿಸಿ ಮೈಸೂರು ಅರಮನೆಯನ್ನು ಬರಿದು ಮಾಡಿದ್ದಾರೆ. ಮೈಸೂರಿನ ಜನತೆ ಒಡೆಯರ್ ಮರಣದಿಂದ ಅನಾಥರಾಗಿದ್ದಾರೆ.

ಶ್ರೀಕಂಠದತ್ತ ನರಸಿಂಹರಾಜ ಒಡೆಯರ್ ತಮ್ಮನ್ನು ಹತ್ತು– ಹಲವು ಕ್ಷೇತ್ರಗಳಲ್ಲಿ ಗುರುತಿಸಿಕೊಂಡ ವ್ಯಕ್ತಿಯಾಗಿದ್ದರು. ಮೈಸೂರು ದಸರೆಯ ಕೇಂದ್ರಬಿಂದುವಾಗಿದ್ದ ಒಡೆಯರ್ ಅವರು ವೈಭವಪೂರ್ಣ ನಾಡಹಬ್ಬ ಮರುಕಳಿಸಲು ಕಾರಣವಾಗಿದ್ದರು. ಅವರು ತಮ್ಮ ಜೀವಿತ ಅವಧಿಯಲ್ಲಿ ಹುಟ್ಟಿದ ವರ್ಷದ ಇಸವಿ 1953ನ್ನು ತಮ್ಮ ಎಲ್ಲಾ ಕಾರುಗಳ ಸಂಖ್ಯೆ ಮತ್ತು ಮೊಬೈಲ್ ನಂಬರ್‌ಗಳ ಕೊನೆಯಲ್ಲಿ ಹೊಂದಿದ್ದು ವಿಶೇಷವಾಗಿತ್ತು. ಶ್ರೀಕಂಠದತ್ತ ನರಸಿಂಹರಾಜ ಒಡೆಯರ್ ಅವರು ಕ್ರೀಡೆ, ಸಾಹಿತ್ಯ, ಕಲಾರಂಗ, ಉದ್ಯೋಗ ಕ್ಷೇತ್ರ ಹಾಗೂ ರಾಜಕೀಯ ಕ್ಷೇತ್ರಗಳಲ್ಲಿ ತಮ್ಮನ್ನು ತಾವು ತೊಡಗಿಸಿಕೊಂಡಿದ್ದರು. ಇಂತಹ ಇತಿಹಾಸ ಪ್ರಸಿದ್ಧವಾದ ಅರಸು ಮನೆತನದ ಯದುವಂಶದ ಕೊನೆಯ ಕುಡಿ ಶ್ರೀಕಂಠದತ್ತ ಒಡೆಯರನ್ನು ಕಳೆದುಕೊಂಡ ನಮ್ಮ ನಾಡು ಬರಿದಾಗಿದೆ ಅವರ ಇತಿಹಾಸ ಚಿರಸ್ಮರಣೀಯ.

ಗುಂಡ : ನಾನು ನನ್ನ ಹೆಂಡತಿಯನ್ನು ತುಂಬಾ ಪ್ರೀತಿಸುತ್ತೇನೆ. ನೀನು?
ಬಂಡ : ಅವಳು ನಿನ್ನ ಹೆಂಡತಿ ಕಣಪ್ಪಾ!! ನಾನು ಹೇಗೆ ಪ್ರೀತಿಸಲಿ?

ಡ್ರೈವರ್ : ಸಾಹೇಬ್ರೆ, ಪೆಟ್ರೋಲ್ ಖಾಲಿಯಾಗಿ ಹೋಗಿದೆ. ಗಾಡಿ ಇನ್ನು ಮುಂದೆ ಹೋಗಲ್ಲ.
ಒನರ್ : ಸರಿ!! ಹಾಗಾದರೆ ಗಾಡಿ ಹಿಂದೆ ತಿರುಗಿಸು, ಮನೆಗೆ ಹೋಗೋಣ, ನಡಿ.

ಕಯ್ಯಾರ ಕಿಞ್ಞಣ್ಣ ರೈ:

ಕಯ್ಯಾರ ಕಿಞ್ಞಣ್ಣ ರೈ (ಜೂನ್ 8, 1915, ಆಗಸ್ಟ್ 9, 2015) ಅಖಿಲ ಕರ್ನಾಟಕದ ಮಹಾಕವಿಯಾಗಿ, ಹಿರಿಯ ಸಾಹಿತಿಯಾಗಿ, ಬಹುಭಾಷಾ ವಿದ್ವಾಂಸರಾಗಿ, ಸ್ವಾತಂತ್ರ್ಯ ಹೋರಾಟಗಾರರಾಗಿ, ಕರ್ನಾಟಕ ಏಕೀಕರಣ ಚಳುವಳಿಯಲ್ಲಿ ಮುಂಚೂಣಿಯ ನಾಯಕರಾಗಿ, ಕಾಸರಗೋಡು ವಿಲೀನೀಕರಣ ಕ್ರಿಯಾ ಸಮಿತಿಯ ಪ್ರಧಾನ ಸಂಚಾಲಕರಾಗಿ, ನಿರಂತರವಾಗಿ ದುಡಿದವರು ನಾಡೋಜ ಡಾ. ಕಯ್ಯಾರ ಕಿಞ್ಞಣ್ಣ ರೈ ಅವರು ಅಖಿಲ ಭಾರತ ಮಟ್ಟದಲ್ಲಿ ಜರುಗಿದ 99ನೇಯ ಕನ್ನಡ ಸಾಹಿತ್ಯ ಸಮ್ಮೇಳನದ ಅಧ್ಯಕ್ಷತೆ ವಹಿಸಿದ್ದರು.

ಕಯ್ಯಾರ ಕಿಞ್ಞಣ್ಣ ರೈ ಅವರ ಆರಂಭಿಕ ಜೀವನ :
ಕಯ್ಯಾರ ಕಿಞ್ಞಣ್ಣ ರೈ ಅವರು ಕೇರಳ ರಾಜ್ಯದಲ್ಲಿರುವ ಕಾಸರಗೋಡು ತಾಲೂಕಿನ ಪೆರಡಾಲ ಗ್ರಾಮದಲ್ಲಿ 1915 ಜೂನ್ 8ರಂದು ಜನಿಸಿದರು. ತಂದೆ ದುಗ್ಗಪ್ಪ ರೈ, ತಾಯಿ ದೈಯಕ್ಕೆ. ಕವಿ ಕಯ್ಯಾರ ಕಿಞ್ಞಣ್ಣ ರೈ ಅವರ ಮನೆ ಮಾತು ತುಳು. ರೈ ಗಳು ಹಲವು ತುಳು ಕವನಗಳನ್ನು, ಲೇಖನಗಳನ್ನು ಬರೆದಿದ್ದಾರೆ. ಪರಿವು, ಕಟ್ಟುಜ್ಜಿ, ರದ್ದಕಣ್ಣಡ್, ಸಾರೋ ಎಸಲ್ದ ತಾಮರೆ, ಬತ್ತನೋ ಈ ಬರ್ಪನೋ – ರೈಗಳ ಕೆಲವು ತುಳು ಕವನಗಳು. ಕವಿಗಳು ಮೂಲತ: ತುಳು ಭಾಷಿಕರಾಗಿದ್ದರೂ ಕನ್ನಡ ಭಾಷೆಗೆ ಹೆಚ್ಚಿನ ಮಹತ್ವವನ್ನು ನೀಡುತ್ತಿದ್ದರು.

ಕವಿ ಕಯ್ಯಾರ ಕಿಞ್ಞಣ್ಣ ರೈ ಅವರ ಶಿಕ್ಷಣ / ವೃತ್ತಿ:
ಕವಿ ಕಯ್ಯಾರ ಕಿಞ್ಞಣ್ಣ ರೈ ರವರು ಸಂಸ್ಕೃತ ಮತ್ತು ಕನ್ನಡ ಭಾಷೆಗಳಲ್ಲಿ ವಿದ್ವಾನ್ ಪದವಿ ಪಡೆದ ಬಳಿಕ ಬಿ.ಎ. ಪದವಿಯನ್ನು ಪಡೆದು ಅಧ್ಯಾಪಕ ತರಬೇತಿಯನ್ನು ಪೂರೈಸಿದರು. ಅನಂತರ ಎಂ.ಎ. ಸ್ನಾತಕೋತ್ತರ ಪದವೀಧರರು ಆದರು. ಕಾಸರಗೋಡಿನ ಬಳಿಯ ಪೆರಡಾಲ ಗ್ರಾಮದ ನವಜೀವನ ಪ್ರೌಢಶಾಲಾ ಅಧ್ಯಾಪಕರಾಗಿ ಸೇವೆ ಸಲ್ಲಿಸಿ ನಿವೃತ್ತರಾಗಿದ್ದಾರೆ.

ಕವಿ ಕಯ್ಯಾರ ಕಿಞ್ಞಣ್ಣ ರೈ ಅವರ ಸಾಮಾಜಿಕ ಬದುಕು
ಕವಿ ಕಯ್ಯಾರ ಕಿಞ್ಞಣ್ಣ-ರೈರವರು ಸ್ವಾತಂತ್ರ್ಯ ಸಂಗ್ರಾಮದಲ್ಲಿ ಹೋರಾಡಿದ್ದಾರೆ. ಹರಿಜನ ಸೇವಕ ಸಂಘಟನೆಯಲ್ಲಿ ದುಡಿದಿದ್ದಾರೆ. ಇದಲ್ಲದೆ ಕಾಸರಗೋಡು ತಾಲೂಕನ್ನು ಕರ್ನಾಟಕ ರಾಜ್ಯಕ್ಕೆ ಸೇರಿಸಲು ಸಹ ಹೋರಾಟ ಮಾಡಿದವರು.

ಕವಿ ಕಯ್ಯಾರ ಕಿಞ್ಞಣ್ಣ ರೈ ಅವರ ಸಾಹಿತ್ಯ

ಪಲ್ಲವಿ
ಪ್ರಥಮ ಬಿ.ಕಾಂ.

- ಕವಿ ಕಯ್ಯಾರ ಕಿಞ್ಞಣ್ಣ ರೈರವರು 'ಶ್ರೀಮುಖ', 'ಐಕ್ಯಗಾನ', 'ಪುನರ್ನವ', 'ಚೇತನ', 'ಕೋರಗ', 'ಶತಮಾನದ ಗಾನ'. 'ಗಂದವತಿ' 'ಪ್ರತಿಭಾ ಪಯಸ್ವಿನಿ'. ಮೊದಲಾದ ಕನ್ನಡ ಕವನ ಸಂಕಲನಗಳನ್ನು ರಚಿಸಿದ್ದಾರೆ. ಇದರ ಜೊತೆಗೆ ಒಂದು ತುಳು ಕವನ ಸಂಕಲನವನ್ನು ಹೊರತೆಗೆದಿದ್ದಾರೆ.

- 'ಕಾರ್ನಾಡ ಸದಾಶಿವ ರಾವ', 'ರತ್ನರಾಜಿ', 'ಎ.ಬಿ. ಶೆಟ್ಟಿ' ಮೊದಲಾದವರ ಜೀವನ ಚರಿತ್ರೆಗಳನ್ನು ಹಾಗೂ ಕಥಾ ಸಂಗ್ರಹಗಳನ್ನು ಬರೆದು ಪ್ರಕಟಿಸಿದ್ದಾರೆ.

- 'ಪಂಚಮಿ' ಮತ್ತು 'ಆಶಾನರ' ಎನ್ನುವ ಎರಡು ಅನುವಾದ ಕೃತಿಗಳನ್ನು ರಚಿಸಿದ್ದಾರೆ.

- 'ಸಾಹಿತ್ಯ ದೃಷ್ಟಿ' ಎನ್ನುವ ಲೇಖನ ಸಂಕಲನ ಪ್ರಕಟಿಸಿದ್ದಾರೆ.

- 'ಮಕ್ಕಳ ಪದ್ಯ ಮಂಜರಿ' ಎನ್ನುವ ಮಕ್ಕಳ ಕವನ ಸಂಕಲನ ರಚಿಸಿದ್ದಾರೆ. ಭಾರತ ಭಾರತಿ ಪುಸ್ತಕ ಸಂಪದ ಮಾಲೆಯಲ್ಲಿ ಮಕ್ಕಳಿಗಾಗಿ ಪರಶುರಾಮ ಬರೆದುಕೊಟ್ಟಿದ್ದಾರೆ.

- 'ನವೋದಯ ವಾಚನಮಾಲೆ' ಎನ್ನುವ ಹೆಸರಿನಲ್ಲಿ ವಿದ್ಯಾರ್ಥಿಗಳಿಗೆ ಎಂಟು ಪದ್ಯ ಪುಸ್ತಕಗಳನ್ನು, ವ್ಯಾಕರಣ ಮತ್ತು ಪ್ರಬಂಧ ಎನ್ನುವ ನಾಲ್ಕು ಕೃತಿಗಳನ್ನು ಹೊರತಂದಿದ್ದಾರೆ.

- 'ವಿರಾಗಿಣಿ' ಎನ್ನುವುದು ಇವರು ಬರೆದ ನಾಟಕ.

- 'ದುಡಿತವೇ ನನ್ನ ದೇವರು' ಎಂಬುದು ರೈರವರ ಆತ್ಮಕಥನ.

- ಇದಲ್ಲದೆ ವಿವಿಧ ಪತ್ರಿಕೆಗಳಿಗೆ ಇವರು ಬರೆದ

ಲೇಖನ ಸಂಖ್ಯೆಯೇ ಐದು ಸಾವಿರದಷ್ಟಾಗುತ್ತದೆ.

ಕವಿ ಕಯ್ಯಾರ ಕಿಞ್ಞಣ್ಣ ರೈ ಅವರಿಗೆ ಲಭಿಸಿದ ಗೌರವ ಪ್ರಶಸ್ತಿ ಮತ್ತು ಪುರಸ್ಕಾರಗಳು

- 1999ರಲ್ಲಿ ರೈ ರವರಿಗೆ "ಶ್ರೇಷ್ಠ ಅಧ್ಯಾಪಕ ರಾಷ್ಟ್ರ ಪ್ರಶಸ್ತಿ" ಲಭಿಸಿತು.

- 1999ರಲ್ಲಿ "ಕರ್ನಾಟಕ ಸಾಹಿತ್ಯ ಅಕಾಡೆಮಿ ಪ್ರಶಸ್ತಿ" ಲಭಿಸಿತು.

- 1985ರಲ್ಲಿ "ಕರ್ನಾಟಕ ರಾಜ್ಯೋತ್ಸವ ಪ್ರಶಸ್ತಿ" ದೊರೆಯಿತು.

- ಕವಿ ಕಯ್ಯಾರ ಕಿಞ್ಞಣ್ಣ ರೈರವರು 1993ರಲ್ಲಿ ಜರುಗಿದ 66ನೇ ಅಖಿಲ ಭಾರತ ಕನ್ನಡ ಸಾಹಿತ್ಯ ಸಮ್ಮೇಳನದ ಅಧ್ಯಕ್ಷರಾಗಿದ್ದರು.

- 2005ರಲ್ಲಿ ಮಂಗಳೂರು ವಿಶ್ವವಿದ್ಯಾನಿಲಯದ "ಗೌರವ ಡಾಕ್ಟರೇಟ್" ಪದವಿ ದೊರೆಯಿತು.

- 2009ರಲ್ಲಿ ಹಂಪಿ ವಿಶ್ವವಿದ್ಯಾನಿಲಯದ 'ನಾಡೋಜ ಪ್ರಶಸ್ತಿ' ದೊರೆಯಿತು.

- ಕರ್ನಾಟಕ ಸರ್ಕಾರದ 'ಸುವರ್ಣ ಕರ್ನಾಟಕ ಏಕೀಕರಣ ಪ್ರಶಸ್ತಿ' ಲಭಿಸಿದೆ.

- ಇವರಿಗೆ 'ಪಂಪ ಪ್ರಶಸ್ತಿ' ಸಹ ದೊರೆತಿದೆ.

ನಮಗೆ ಯಾರು ಸಾಟಿ??

ಎಲ್ಲಾ ಜೀವಿಗಳಲ್ಲಿ ಉತ್ತಮ ಜೀವಿಯೆಂದರೆ "ಮನುಷ್ಯ". ಏಕೆಂದರೆ, ಆಲೋಚನಾಶಕ್ತಿ, ಮಾತನಾಡುವಿಕೆ, ನಿಗ್ರಹ ಶಕ್ತಿ ಮುಂತಾದ ಗುಣಗಳಿಂದ ಅವನೇ ವೇಲುಗ್ಗೆ ಸಾಧಿಸಿದ್ದಾನೆ. ಹಂತ ಹಂತಗಳಲ್ಲಿಯೂ ಏನಾದರೂ ಹೊಸತನ್ನು ಹುಡುಕುತ್ತಿದ್ದಾನೆ. ಹಾಗೂ ಉತ್ತಮನಾಗಲು ಹಾತೊರೆಯುತ್ತಿದ್ದಾನೆ. ಈ ಸಮಯದಲ್ಲಿ ಅವನಿಗೆ

ಸಂಜಯ್ ಕುಮಾರ್
ತೃತೀಯ ಬಿ.ಬಿ.ಎ

ಪರಸ್ಪರ ಸ್ಪರ್ಧಾಳುಗಳು ಎದುರಾಗುತ್ತಿದ್ದಾರೆ. ಅಂತಹ ಗಳಿಗೆಯಲ್ಲಿ ತನ್ನಲ್ಲಿ ಸ್ವಲ್ಪ 'ಆತ್ಮಸ್ಥೈರ್ಯ' ಕುಗ್ಗುತ್ತದೆ. ತಾನು ಎಷ್ಟೇ ಬಲಶಾಲಿಯಾಗಿದ್ದರು "ನಾನು ಎಲ್ಲರಿಗಿಂತ ಕೀಳೆ? ಸ್ವಲ್ಪ ಜಾಣನೇ? ನನ್ನಿಂದ ಈ ಸ್ಪರ್ಧಾತ್ಮಕ ಜಗತ್ತಿನಲ್ಲಿ ಇದನ್ನು ಮಾಡಲು ಸಾಧ್ಯವೇ? ಇವರೆಲ್ಲರೂ ನನಗಿಂತ ಮೇಲಿದ್ದಾರೆಯೇ?" ಎಂಬ ಆತಂಕದ ಪ್ರಶ್ನೆಗಳು ಉಂಟಾಗುತ್ತವೆ.

ಅದೇ ಮಾನವನು ಅಂತಹ ಸಮಯದಲ್ಲಿ ಸಕಾರಾತ್ಮಕವಾಗಿ ಏಕೆ ಯೋಚನೆ ಮಾಡುವುದಿಲ್ಲವೋ ಗೊತ್ತಿಲ್ಲ. ಅದಕ್ಕೆ ಸ್ವಾಮಿ ವಿವೇಕಾನಂದರು" ನಮ್ಮಲ್ಲಿ ಅಗಾಧವಾದ ಶಕ್ತಿಯಿದೆ. ಅದನ್ನು ಬಡಿದೆಬ್ಬಿಸುವುದಷ್ಟೇ ನಮ್ಮ ಗುರಿಯಾಗಿರಬೇಕು. ಜೀವನದಲ್ಲಿ ಎಂದಿಗೂ ದ್ವಂದ್ವ ಯೋಜನೆಗಳಲ್ಲಿ ಮುಳುಗಬಾರದು. ನಮ್ಮ ಯೋಜನೆಗಳಲ್ಲಿ ಏಕಸೂತ್ರತೆ ಇರಬೇಕು. ನನ್ನಿಂದ ಆಗಬಹುದಾದ ಕಾರ್ಯಗಳು ಆಗೇ ಆಗುತ್ತವೆ ಎಂಬ ಆತ್ಮವಿಶ್ವಾಸವಿರಬೇಕು". ಎಂದು ಹೇಳಿದ್ದಾರೆ. ಉದಾಹರಣೆಗೆ ಒಂದು ಮಗುವು ಒಂದು ಬಣ್ಣದ ಚೆಂಡು ಕುರ್ಚಿಯ ಮೇಲಿದ್ದರೆ, ತೆವಳುತ್ತಾ, ಅಂಬೆಗಾಲಿಡುತ್ತಾ, ಎದ್ದು ಬಿದ್ದು ಹೇಗಾದರೂ ಮಾಡಿ ಮಗುವು ಕುರ್ಚಿಯ ಮೇಲಿದ್ದ ಬಣ್ಣದ ಚೆಂಡನ್ನು ತೆಗೆದುಕೊಳ್ಳುತ್ತದೆ. ಹಾಗೆಯೇ ನಾವು ಕೂಡ ಒಂದು ಗುರಿಯನ್ನು ಸೃಷ್ಟಿಸಬೇಕು. ಅದಕ್ಕೆ ಬೇಕಾದ ಪೂರ್ವತಯಾರಿ ಮಾಡಿಕೊಳ್ಳಬೇಕು. ಅದನ್ನೇ ಯೋಚಿಸುತ್ತ ಅದರಲ್ಲಿಯೇ ಪರಿಶ್ರಮವಿಟ್ಟು ಕೆಲಸ ಮಾಡಬೇಕು. ಆಗ ನಮಗೆ ಯಶಸ್ಸು ಸಿಗುವುದು ಖಂಡಿತ. 'ಪ್ರಪಂಚದಲ್ಲಿ ಮಾಡಲಾಗದ ಯಾವ ಕೆಲಸವೂ ಇಲ್ಲ.' ಹಾಗಿದ್ದಲ್ಲಿ ನಾವು ಎಲ್ಲಾ ಕೆಲಸಗಳನ್ನು ಮಾಡಿ ಅದರಲ್ಲಿ ಯಶಸ್ಸನ್ನು ಕಾಣಬಹುದು. ನಮ್ಮ ಶಕ್ತಿಯಲ್ಲಿ ನಮಗೆ ನಂಬಿಕೆ ಇರಬೇಕು. ಆತ್ಮವಿಶ್ವಾಸದಿಂದ ಮುನ್ನುಗ್ಗಿದರೆ ಯಶಸ್ಸು ನಮ್ಮದಾಗುತ್ತದೆ. ಆಗ ನಾವು 'ನಮಗೆ ಯಾರು ಸಾಟಿ' ಎಂದು ಪ್ರಶ್ನಿಸಬಹುದು. ಏನಂತೀರಾ!

ಶಾಸ್ತ್ರೀಯ ನೃತ್ಯ ಪ್ರಕಾರಗಳು

ಭಾರತದೇಶದ ವಿವಿಧ ಸ್ಥಳಗಳಲ್ಲಿ ಪ್ರಖ್ಯಾತವಾಗಿರುವ ಶಾಸ್ತ್ರೀಯ ನೃತ್ಯ ಪ್ರಕಾರಗಳು ಪ್ರಮುಖವಾಗಿ ಏಳು ಅವು: ಮಧ್ಯ ಹಾಗೂ ಉತ್ತರ ಭಾರತದ ಕಥಕ್, ಪೂರ್ವ ಭಾರತದಲ್ಲಿನ ಒರಿಸ್ಸಾದ ಒಡಿಸ್ಸಿ, ದಕ್ಷಿಣ ಭಾರತದ ಆಂಧ್ರ ಪ್ರದೇಶದ ಕೂಚುಪುಡಿ, ತಮಿಳುನಾಡಿನ ಭರತನಾಟ್ಯ, ಕೇರಳ ರಾಜ್ಯದ ಮೋಹಿನಿ ಅಟ್ಟಂ ಮತ್ತು ಕಥಕ್ಕಳಿ ನೃತ್ಯ ಪ್ರಕಾರಗಳು.

ಭರತನಾಟ್ಯ:

ತಮಿಳುನಾಡಿನ ಈ ನೃತ್ಯ ಪ್ರಕಾರವುಅತ್ಯಂತ ಪ್ರಾಚೀನವಾದುದು. 2500 ವರ್ಷಗಳಿಗೂ ಹೆಚ್ಚಿನಕಾಲದ ಪರಂಪರೆ ಈ ನೃತ್ಯ ಶೈಲಿಗಿದೆ. ಪೂರ್ವಕಾಲದಲ್ಲಿ ಇದು ಸಾದಿರ್ಅಟ್ಟಂ, ಸಂದುಕೂತ್ತು, ಬಿನ್ನಮೇಳಂ, ದಾಸಿಯಾಟ್ಟಂ ಮುಂತಾಗಿ ಕರೆಯಲ್ಪಡುತ್ತಿತ್ತು. ಪ್ರಮುಖವಾಗಿ ಈ ಕಲೆಯು ದೇವಾಲಯಗಳಲ್ಲಿ ದೇವರ ಸೇವೆಗೆ ಮುಡಿಪಾಗಿತ್ತು. ದೇವದಾಸ ಮತ್ತು ದೇವದಾಸಿಯರು ನೃತ್ಯ ಸೇವೆಯನ್ನು ದೇವರಿಗೆ ಸಮರ್ಪಿಸುತ್ತಿದ್ದರು.

ಭರತನಾಟ್ಯದಲ್ಲಿ ಉದ್ಧತತಾಂಡವ ಮತ್ತು ಲಾಲಿತ್ಯ ಪೂರ್ಣವಾದ ಲಾಸ್ಯ ಎರಡಕ್ಕೂ ಸಮಾನ ಪ್ರಾಮುಖ್ಯವಿದೆ. ಭರತಮುನಿಯಿಂದ ರಚಿಸಲ್ಪಟ್ಟಿದ್ದು ಭರತನಾಟ್ಯ ಭಾವ, ರಾಗ, ತಾಳಗಳ ಪ್ರಥಮಾಕ್ಷರಗಳನ್ನು ಸೇರಿಸಿ ರೂಪಿಸಿರುವುದೇ **ಭರತನಾಟ್ಯ**

ಭರತನಾಟ್ಯದ ಐತಿಹಾಸಿಕ ಹಿನ್ನೆಲೆಯನ್ನು ಪ್ರಾಚೀನ ಶಾಸನಗಳಿಂದ ತಿಳಿಯಬಹುದು. ಗಂಗ, ಕದಂಬ, ಚಾಲುಕ್ಯ, ಪಲ್ಲವ, ಹೊಯ್ಸಳ ಮುಂತಾದ ರಾಜವಂಶಗಳು ಭರತನಾಟ್ಯವನ್ನು ಪೋಷಿಸಿದ್ದವು.

ಪಂಪ ಕವಿಯ ಕೃತಿಗಳಿಂದ ಶಾಸ್ತ್ರೀಯರು ಹೆಚ್ಚು ಪರಿಣತಿ ಹೊಂದಿದ್ದರೆಂದು ತಿಳಿದುಬರುತ್ತದೆ. 8ನೇ ಶತಮಾನದ ಚಾಲುಕ್ಯರ ಕಾಲದಲ್ಲಿ ಭಾರತೀಯ ಸಂಗೀತ ನೃತ್ಯಗಳಿಗೆ ಅತ್ಯುತ್ತಮ ಪ್ರೋತ್ಸಾಹ ದೊರೆತಿತ್ತು. ಚಾಲುಕ್ಯ ಶೈಲಿಯಲ್ಲಿ ಕೆತ್ತಲಾಗಿರುವ ಬಾದಾಮಿ ಗುಹೆಗಳಲ್ಲಿ ವಿಶೇಷ ನರ್ತನ ಭಂಗಿಗಳು ಕಾಣಿಸುಗುತ್ತವೆ.

ಇತಿಹಾಸದ ಅಧ್ಯಯನದಿಂದ ಕೆಲವು ರಾಣಿ ಮಹಾರಾಣಿಯರು ಉತ್ತಮ ನೃತ್ಯ ಕಲಾವಿದೆ ಯರಾಗಿದ್ದರೆಂದು ತಿಳಿದುಬರುತ್ತದೆ. ಚಾಲುಕ್ಯ ವಂಶದ

ವರ್ಷಿಣಿ
ತೃತೀಯ ಬಿ.ಕಾಂ.

ಸೋವಿದೇವನ ಪತ್ನಿ ಸಾವಲಾ ದೇವಿ, ಬೇಲೂರು ಹಳೇಬೀಡು, ಸೋಮನಾಥಪುರ ದೇವಾಲಯಗಳಲ್ಲಿನ ಅಪ್ರತಿಮ ಶಿಲ್ಪಕಲೆಗೆ ಸ್ಫೂರ್ತಿಯಾದ ಹೊಯ್ಸಳ ರಾಜ ವಿಷ್ಣುವರ್ಧನನ ಪತ್ನಿ ಶಾಂತಲೆ, ವಿಜಯನಗರದ ಅರಸ ಕೃಷ್ಣದೇವರಾಯನ ಕಿರಿಯ ಪತ್ನಿಯಾದ ಚೆನ್ನಾದೇವಿ ಮುಂತಾದವರು ಅತ್ಯುತ್ತಮ ನರ್ತಕಿಯರಾಗಿದ್ದರು.

16ನೇ ಶತಮಾನದ ಭರತೇಶ ವೈಭವ ಮತ್ತು 12ನೇ ಶತವಾನದ ಲಾಸ್ಯರಂಜನ ಕೃತಿಗಳು ಭರತನಾಟ್ಯದ ಬಗ್ಗೆ ವಿವರಣೆ ನೀಡುತ್ತವೆ. ಚೆನ್ನಯ್ಯ, ಪೊನ್ನಯ್ಯ, ಶಿವಾನಂದ ಮತ್ತು ವಡಿವೇಲು ಎಂಬ ವಿಶ್ವಮಾನ್ಯರಾದ ತಂಜಾವೂರು ಸಹೋದರರು 19ನೇ ಶತಮಾನದ ತುಳಜಾಜಿ – ತರಭೋಜಿ ರಾಜರ ಆಸ್ಥಾನದಲ್ಲಿದ್ದರು. ಪ್ರಸ್ತುತಕಾಲದ ಭರತನಾಟ್ಯದ ಮಾರ್ಗ ಪದ್ಧತಿಯನ್ನು ಜಾರಿಗೆ ತಂದವರು ಇವರೇ ಇವರಿಲ್ಲದೇ ಮುಮ್ಮುಡಿ ಕೃಷ್ಣರಾಜಒಡೆಯರ್,ಚಾಮರಾಜಒಡೆಯರ್, ಕೃಷ್ಣರಾಜಒಡೆಯರ್, ಜಯಚಾಮರಾಜ ಒಡೆಯರ್ ಮುಂತಾದ ಮೈಸೂರು ಸಂಸ್ಥಾನದ ಮಹಾರಾಜರು ಕಲಾಪೋಷಕರಾಗಿದ್ದರು.

ಕೂಚುಪುಡಿ:

ಆಂಧ್ರಪ್ರದೇಶದ ಕೂಚುಪುಡಿ ಎಂಬ ಗ್ರಾಮದಿಂದ ಬಂದ ಶಾಸ್ತ್ರೀಯ ಕಲೆ ಕೂಚುಪುಡಿ ನೃತ್ಯ, ಕುಚುಪುಡಿ ಅಗ್ರಹಾರದ ಕೆಲವು ಬ್ರಾಹ್ಮಣ ಬಾಲಕರು ಸೇರಿ ಪ್ರಾರಂಭಿಸಿದ ಈ ಮೇಳವು ಕೇವಲ ಪುರುಷರಿಂದ ಮಾತ್ರ ಅಭಿನಯಸಲ್ಪಡುತ್ತಿತ್ತು. ಈ ಪ್ರಕಾರದ ವಿಶೇಷ ಪ್ರಸ್ತುತ ತರಂಗಂ ಇದರಲ್ಲಿ ಕಲಾವಿದೆಯು ತಲೆಯ ಮೇಲೆ ಕಲಶವಿರಿಸಿಕೊಂಡು ಕೈಗಳಲ್ಲಿ ದೀಪ ಹಿಡಿದು ಹಿತ್ತಾಳೆಯ ತಟ್ಟೆಯ ಅಂಚಿನ ಮೇಲೆ ನರ್ತಿಸುತ್ತಾಳೆ.

Students told to provide solutions using Artificial Intelligence

Mysuru, Jan. 28- A one-day seminar on 'Artificial Intelligence' was organised by the Department of Computer Science, Hindustan First Grade College (HFGC), J.P. Nagar, recently.

V.G. Manjunatha Guru, Head, Department of Computer Science, Government First Grade College, Honnali, Davangere, was the resource person.

Addressing the gathering, Manjunatha Guru explained how human intelligence is processed by machines, especially computer systems by using Artificial Intelligence (AI), types of AI, AI branches, applications of AI include expert systems, natural language processing (NLP), speech recognition and machine learning.

He highlighted about the pros and cons of various biometric data and also described how pattern recognition helps in AI. The role of Artificial Intelligence in Internet of Things (IoT) was well explained by him. IoT is used to collect and handle the huge amount of data that is required by the AI algorithms.

Manjunatha Guru encouraged the students to take up real life problems and provide solutions using Artificial Intelligence and machine learning techniques.

N. Shreyas, III BCA, rendered the invocation. K.V. Savitha, HoD, Computer Science, HFGC, introduced of the resource person. P.N. Ashwini, II BCA, compered. R.D. Sukshma, Assistant Professor, Department of Computer Science, HFGC, proposed a vote of thanks.
